WELCOME KISS YOUR BRAIN GOODBYE

MOVE AWAY FROM any white walls right now, readers, because this issue of FRONT is certified to blow minds. Seriously, what may at first feel like a pleasurable tingling behind the ears is actually your temporal lobe about to haemorrhage from sheer awesomeness – that's if Mellisa on the cover hasn't already popped your cranium. If it's only done half the job, then our countdown of the 50 coolest, sexiest girls on the planet will definitely leave you a dribbling, bumbling, brain-dead wreck.

Before you ask, yes, it is a countdown produced entirely scientifically, and yes, it is all overseen and endorsed by a randy team of observers from the UN. It's girls with that crazy edge, who love a sweaty mosh pit, would whip your arse at COD and drink you under a table and beyond. If you disagree with our choices then put your fingers where your mouth is, or on a keyboard, and drop us a ranting message.

Enjoy the mag. We love you all.

BEHIND-THE-SCENES BOLLOCKS

BON VOYAGE, WILLIAM

This month saw the departure of deputy art director Will Jack from the good ship FRONT. He may have been a drunk gambling addict who forced his way into more photos with celebrities than we'd have liked, but he'll be missed. Why not head into your local Wetherspoon and say goodbye to him? He'll be the one getting dragged out by the bouncers.

ENERGY OVERLOAD

For the thing on page 42, we had to get loads of energy drinks in. Here, hungover word-wrangler Si

enjoys the most clinically efficient but ultimately underwhelming Mate In A State-ing ever done, taking place after he slumped to the floor one morning, the boozy twat.

DAS IST WUNDERBAR!

Monster Energy took writer Chris to frosty-as-fuck Berlin to check out the best BMX talent that they have to offer during their Earn Your Stripes series. He didn't bring back any German sweets for us, though, so we all took turns at throwing schnitzels at his face. Check monsterarmy.com for the video.

ROCKET FUEL

This month, we gorged on stacks of Italy's finest doughy disc-shaped food, courtesy of the heroes down at Papa John's. Feel free to go and grab a few pizzas from papajohns.co.uk because they're just delicious. Masters of the sandwich Subway provided us with enough bread, meat and cheese to build our own bungalow this month, too. We tried to do just that, in fact, but things just didn't work out with planning permission.

CHIP FARCE

I was sat in my room drooling over the girls in the new issue when I came across Charlotte from Berkshire. She is perfection – likes Megan Fox, hates Big Brother, wants a robot called Winston... Everything was going swimmingly until I got to her quickfire questions. Who the FUCK chooses Burger King chips over Maccy D's Fries Of The Gods? I like a girl with a personality, but come on.

ED, CARDIFF, VIA TEXT
Hi, Ed. We approached Ronald McDonald and the disabled-looking BK mascot for their input, but heard nothing back. Admittedly, we tried contacting them by getting pissed, storming into the local burger place and refusing to leave until we were ejected, but there you go. Charlotte is entitled to her potatoey opinion, no matter how wrong it is.

FAQs

YOUR BURNING QUESTIONS ANSWERED

LOVEY-DOVEY SPECIAL!

Q: WHY DON'T HEARTS ACTUALLY LOOK LIKE HEARTS?

A: IT'S A BIT WEIRD, innit, how presenting a lady with a stylised drawing of a heart is seen as all romantic, while presenting her with an actual heart you cut out of a nearby dog is seen as upsetting. Life's unfair. According to telly zoologist and human behaviour expert 'Dirty' Desmond Morris back in the day, the drawn heart shape is almost

definitely modelled on the shape of, in his words, "naked female buttocks, as seen by an amorous male approaching from behind." Desmond, your mind is well and truly in the gutter.

Q: CAN YOU DIE OF A BROKEN HEART?

A: THERE'S actually a medical condition where emotional trauma can cause genuine damage to your heart. It's called 'being a pussy'. Ha! Seriously, though, getting dumped or widowed can *actually* kill you. There's a condition called takotsubo cardiomyopathy where the muscle in the heart is weakened

during times of emotional stress, which leads to a higher likelihood of heart attacks and other shit. That's why old men often die within a few months of their wives dying. That and there's nobody feeding them any more.

I LOVES YOU, FRONT

I just thought I'd thank you on behalf of every bloke in Britain. In this froze-my-gonads-to-my-thigh-weather, it's always good thinking there's a cosy lass waiting to be looked at. So, yeah, thanks.

IAN GALLIE, VIA E-MAIL

No, Ian, thank you. Thank you for reporting how your balls were frozen to your leg, and making us too scared to go outside for fear of the same happening to us. We've all stayed in the office since reading this and have had to resort to eating one of the designers. Maybe you should tell his parents whose fault that is, Ian. Yes, it's yours. Bastard.

I CAN SEE YOU!

Every time I read your amazing mag the Where Am Them page upsets me because it's too easy. Sort it out, or else I'll send a Cleveland Steamer to your office with a flag of my face on it.

LEE FROM PLYMOUTH, VIA TEXT

We're sorry, Lee. So sorry, in fact, that we've set you up a real-life Where Am Them in a bar near you, that we've marked with a few rainbow flags outside. We've hidden a few sausages in there for you to find, so go ask the fellas in there if they can point you in the right direction, and let us know how you get on.

HAYLEY LADY LOVE

FRONT! I have the awesome pleasure of seeing Paramore play tonight in Birmingham. Wish me luck as I attempt a quick lez-up with Hayley Williams, you sexy bastards. Cheerio.

LAUREN, VIA TEXT

We almost found this quite sexy, Lauren, until you typed the word 'cheerio'. Now all we have in our heads Hayley Williams doing naked things with a bushy moustached World War Two army general. Thanks, Lauren.

A POOING GINGER WRITES

Dear FRONT, I have bought many of your mags. Can you buy me some beers and foxy models? I am a pooing ginger, after all.

LES, VIA TEXT

Hello, Les. No.

AWESOME PERVERT

Today I was enjoying the view of De Montfort Uni girls from my car, loving your 'Have You Lived Enough In 2010?' quiz. I am 'awesome' (scored 37/40) so no longer feel like a cunt for my blokeish ways. Any chance of some free stickers, or a signed pic of Holly Peers?

MACK BLOOD, VIA E-MAIL

For a guy that passes his time watching uni girls walk past his steamed-up car and not wearing any trousers (we may have just assumed that last bit), you've clearly cheated your way to 'awesome' status. You may have missed the question on the next page that said 'Do you put your fingers inside your bum while sitting in your Saxo?', where you would have definitely answered 'yes' and lost the game. Sorry.

FRONT: HOMEWRECKER

I got a problem. While reading the issue featuring the lovely Rosie Jones, I was overwhelmed with a sense of joy that slowly turned into despising my girlfriend. It's not fair on anyone, so if you could sort me Rosie's address and a pair of binoculars, I'll get out of everyone's way.

BEANS, VIA E-MAIL

Totally, Beans. She lives at Number 35, Get To Fuck Street, London, and there's a pair of binoculars under a dog's mess on the corner. Your girlfriend's ace, dude, ask anyone. They'll be like, "Beans' girlfriend? Oh, man, she was ACE."

WHAT THE FUCK?

These are my snow creations: a snow frog and a snow swimmer being chased by a snow shark.

MARCUS SKELTON, VIA E-MAIL

Hell's bells, we knew that eating that sandwich we found behind the fridge was a bad idea. You'll never believe the crazy trip we're experiencing right now! There's a frog made out of

snow, and a shark made out of snow, and some bloke swimming made out of snow. We're off to the doctor's for a lie down.

FROSTY BELLEND

Enjoy!

JOSH ROWLEY, VIA E-MAIL

Christ alive, Josh. Your shaft is quite a concern, and the jutting spike protruding from your bellend is a sight for sore eyes. Get back to school – you'll never make your millions by crafting dicks out of snow, you failure x

CHILLY WILLY

Spent the majority of the other day making this! Hope you like it!

DANNY LOVETT, VIA E-MAIL

You lazy little shit, Danny. Struggled to make your snow cock stay upright, did you? Had to make

a horizontal wanger, did you? Look at the rest of these snow cocks, Danny. You're lazy, and everything wrong with society today. Big hugs x

PRIVATE'S PRIVATES

Check out our beastly cock. It took us two and a half hours to build. I'm back on my R'n'R from Afghanistan and this is how I've spent my time!

DANNY PROCTOR, VIA E-MAIL

As you're a bloke that carries a gun around for a living, we're going to applaud your effort. There's no way we'll tell you that you're a cheat for using that wheelbarrow tucked away in the background...

BEAT THIS

N-ICE BALLS

JOE BEST, MATTHEW REYNOLDS, JEFFREY ADJEI & SUNNY SHARMA, VIA E-MAIL

Anyone that takes the time to put giant pubes on a snow cock gets a big thumbs up

from FRONT. What's more impressive/irresponsible is the positioning right in the middle of a pavement, meaning hapless pedestrians will risk their lives for the sake of a pair of icy testicles. Top work, bumholes.

MATE IN A STATE

DESTROYING FRIENDSHIPS SINCE 1998

SNOW GAY

"We got given the day off uni in Leeds due to the snow, and ended up in this state," says Richard O'Gorman. So while the whole country sat indoors, scared to go outside, crying about a bit of bad weather, you got royally plastered? You're a shitty inspiration to us all, sir.

WINNER • WINNER • WINNER •
WORK OF GENIUS • WINNER • WINNER •

PISSED OUTTA HIS SKULL

Ladies and gentlemen, we give you alcoholic wanker Haz Taylor. "He got a bit wanked on the Skittles vodka," says cock-drawing maestro

Tom Fletcher, but he fails to say which part of the night involved killing and skinning a sheep. Enjoy your prize, you bloody savages.

YOU HAVE WON ALL THIS

LEGLESS BENDER

Oh look, there's one of those little yellow shirts from animated flick Despicable Me. Hey, there's half a mannequin wearing yellow brogues. Ah, and we can see Logan Mercer's pissed-up flatmate. Please wake us up from this fucking awful dream soon.

FESTI-FAIL

Clearly unearthed from back in the days of summer, this pic shows how Sara Austin and fellow Sonisphere-goers stumbled across a random bastard and piled shit on him. It's funny, until we realised it could have been us under there...

BONER KILLER

The second skeleton-based booze-up comes from Bradley Birchall, who's been a clever little knobhead and actually stuck a massive bone where this disgraceful tit's boner should be. See what he's done there? Oh yeah, and there's cartoon fitty Betty Boop for no reason whatsoever.

NEXT MONTH WIN TELLY, DVD PLAYER AND KILLER FLICK 'I SURVIVED BTK'

Drinking is good for lots of things: pretending you're an Olympic gymnast, growing the balls to talk to girls and even for doing world-beating sickos all over yourself. But booze just got better. It can now win you skill prizes, like this TV, DVD player and serial killer flick I Survived BTK (out 21 February). So go, readers! Go get sodding drunk!

FALSE: Although she did once walk past him in a shopping centre. "He was talking to a girl about getting a pasty," she says.

TRUE OR FALSE?

ELLE HAS A PASSION FOR ALL THINGS SPICY.

TRUE: When asked for her favourite dip (what an amazing question) she said it would be salsa, but really spicy salsa, coupled with really spicy Doritos.

FULL FRONTAL

YOU DON'T often meet girls named after posh magazines. It's even rarer that you meet a girl named after a magazine who is also so fit that looking at her for more than two seconds makes it impossible to close your eyes because your eyeballs have boners. It's happened, though. Meet Elle Richie, a lady so amazing she

could probably bring an end to war just by smiling.

The 22-year-old Bristolian is so fit, in fact, that if a meteor was heading to Earth and about to smash us all up like when it killed the dinosaurs, we could probably bring Elle out, ask her to remove her top, and the meteor would be like, "I'm not destroying Earth. That girl is TOO LUSH."

**TRUE

**ELLE'S BEST GIG EVER WAS TRIVIAM,

TRUE: Only one of these bands has a road
on the Monopoly board named after
them. That's right, Trivium Street
(price £60, rent £8).

**TRUE
OR FALSE?**

**ELLE IS THE ONLY GIRL WE KNOW WHOSE NAME
IS SPELLED THE SAME BACKWARDS. THESE WORDS
ARE CALLED PALINDROMES, BECAUSE THEY WERE
DISCOVERED BY MICHAEL PALIN.**

FALSE: There's Hannah, as well – Hannah Martin.
Also, Michael Palin didn't really discover words
spelling the same back and forwards, although
he is very, very clever.

**ELLE'S NAME IS ACTUALLY SHORT
FOR LIONELLE RICHIE.**

FALSE: Don't be silly.

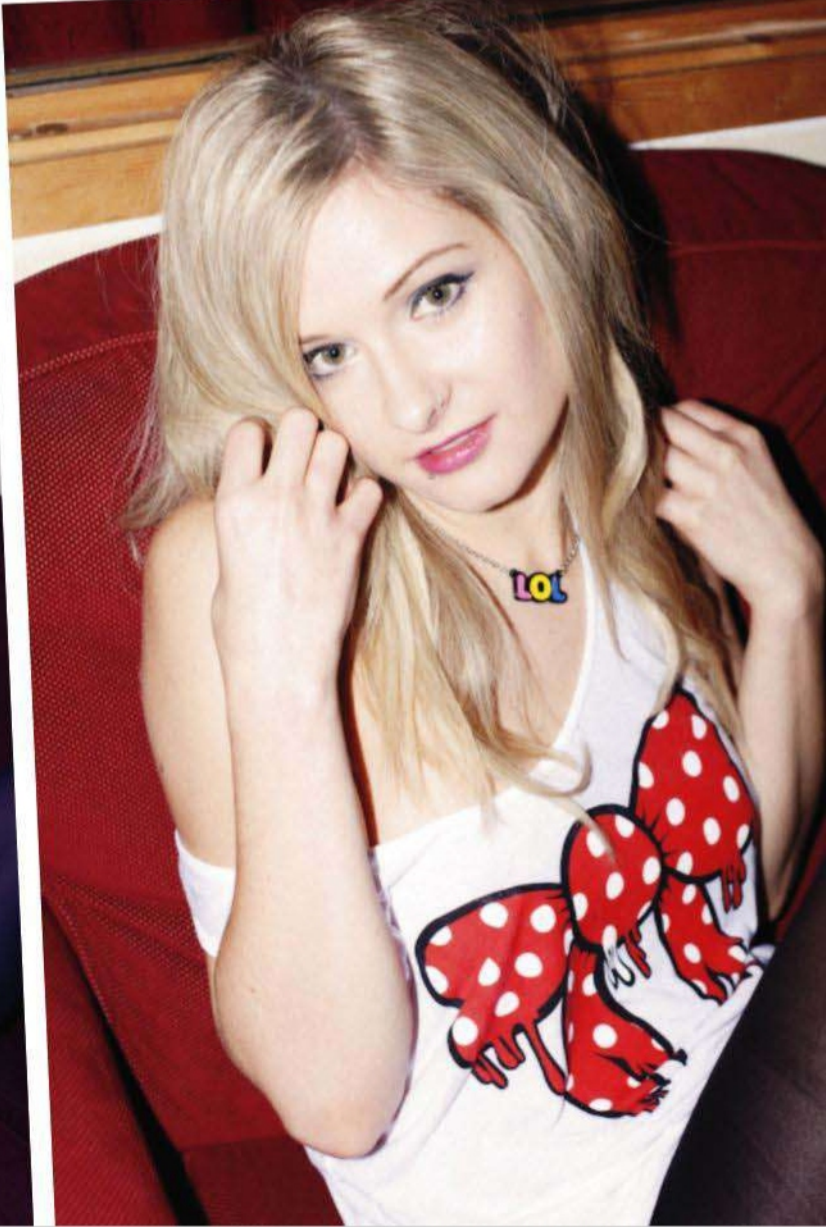

TRUE OR FALSE?

IF ELLE HAD TO CHANGE HER NAME TO ANYTHING, SHE'D CHANGE IT TO DUNCAN BANNATYNE.

FALSE: She'd go for Pixie Firecracker, which is what Geri Halliwell called herself in the Spice Girls' Say You'll Be There video.

ELLE CLAIMS SHE'S AMAZING AT GIVING MASSES BECAUSE SHE'S GOT "GOOD HANDS".

TRUE: "I used to be the girl at the back of class in school giving people them, not doing any work," she says. We were the boys who were rifling through the lost property box for spare shorts cos we'd wet ourselves again.

**TRUE
OR FALSE?**

PEOPLE OFTEN MISTAKE ELLE FOR BEING SPANISH, BECAUSE THEY THINK SHE'S CALLED 'EL RICHIE'.

FALSE: This has never happened, although people regularly comment on her pictures with comments like, "You're one Elle of a knockout!" which if you ask us isn't as funny as the Spanish thing.

'THE SITUATION'

Infamous wanker Mike Sorrentino is easily the biggest star to come out of the show, finding fame with his dickhead nickname and by flashing his MDF abs in dreadful nightclubs.

Arguably the worst abhorrence to appear on television since the BBC accidentally broadcast an episode of EastEnders in which Pat Butcher flashed her dick and balls, Snooki truly offends all five senses.

DB RATING: ■■■■■

This unit is beefed up to the nines, and keeps a relatively low profile compared to the other Shore shitheads. You're best off watching out for some of the creepy stuff he pulls on the dancefloor, though.

NOSEY SOD
Author Paglen published another book last year full of pictures of über-secretive 'black sites' – the term used to describe bases for covert operations.

ACE BOOK

BADGES OF DISHONOUR NOSEY WRITER EXPOSES THE MURKY SIDE OF THE YANKEE GOVERNMENT

ANY FOOL WHO'S seen Men In Black will know there's some dark shit going on behind closed doors at the Pentagon, but this killer new book exposes a whole new world of unknown weirdness.

Yankee Trevor Paglen has photographed 70 military shoulder patches reserved for the hard-as-nails units working on classified missions. It's all very secretive, and when the Pentagon was asked about the book, they said it would be "not prudent to comment on".

Amazingly, these projects are

known by bizarre names like None Of Your Fucking Business, so don't blame us if this page mysteriously goes missing at some point.

ARCHITECTS PLAN 2011 WORLD DOMINATION

AFTER A TRIUMPHANT END TO 2010, BRIGHTON'S FINEST METALLERS ARE STARTING THE NEW YEAR OFF WITH A SHIT-KICKING FOURTH ALBUM. FRONT MAN SAM CARTER GIVES US A TRACK-BY-TRACK RUNDOWN OF THEIR LATEST EFFORT...

TRACK-BY-TRACK

DAY IN DAY OUT "Being in a band has a shit side: the same routine every day, being at a loose end with nothing to do... We wrote this when we were fed up, so it's about us learning to lighten up."

LEARN TO LIVE "This was a result of always seeing other bands doing better than us, and feeling left out. It's about how we kept going even when everyone was ignoring us, and how it's paid off now."

DELETE REWIND "A message to people to stand up for what they believe in and take action about stuff. With all the bullshit in the news, it's so easy to sit there and agree with it all. This is our message to get involved."

BTN "You may notice that this is the National Rail code for Brighton train station, so the song's about wanting to come home from tour. No matter how much fun you have in a band, you always still want to be back home."

AN OPEN LETTER "When you go on the road, you worry about coming home to no friends. This is an apology to my mates for never being around. It's a very personal track."

THE BLUES "Another on-tour song, but a more positive one in the sense that it doesn't matter how shit you feel, nothing will ever stop the five of us from doing the best job in the world."

RED EYES "Around the time before the record was made, I was a fucking nightmare – always angry and pissed off. Writing this addressed my aggro and helped me be more chilled out."

STAY YOUNG "This was written about a friend of mine and how much he fucked up his life by smoking weed. It might not have made any difference, but I hope some of it gets through."

HEARTBURN "A song for everyone to relate to. Metal seems to have gone through a phase where songs were just about dragons and crazy shit, so this is bringing it down to earth and is about everyday problems."

YEAR IN/YEAR OUT "Our opportunity to say, 'Holy shit, look how lucky we are.' This epic track should show that."

5 HOLD YOUR HORSE IS

HARD-WORKING DUDES FROM A BORING-ASS TOWN WHO LIKE DAYTIME TELLY BUT DON'T LIKE PISSING ABOUT

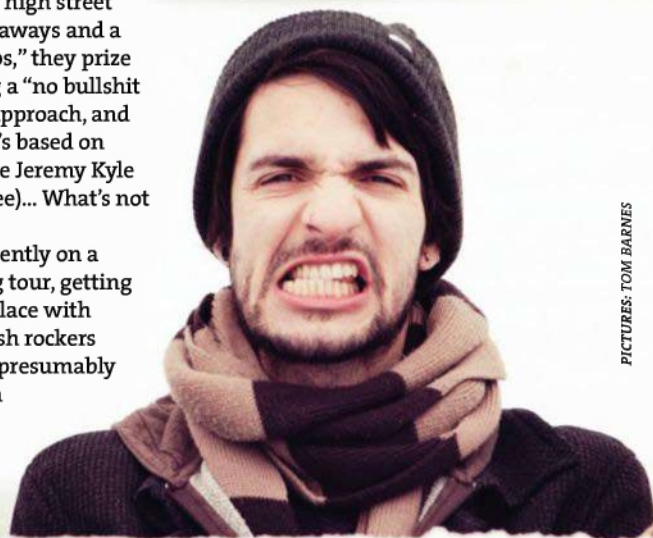

MUSIC MATHS

WOULD YOU LIKE TO be in a brilliant band? Of c-horseshoe would. Hold Your Horse Is are a brilliant band, from Fleet (a pretty stable environment to grow up in). There's three of them, they sound a bit like a southern Dananananaykroyd, they've taken the DIY approach to impressive extremes (doing all the donkey work themselves), and we got them to stand in the freezing cold, which was a total 'mare. Hay! Right, enough shit horse puns. Here's their tail

(sorry): HYHI have been lauded by everyone from Artrock to Drowned In Sound, they're named after a Hella album, they grew up listening to Reuben and Hundred Reasons, they describe their home town as "essentially a high street with one pub, 20 takeaways and a couple of charity shops," they prize themselves on having a "no bullshit – get in and get out" approach, and their new single's based on an episode of the Jeremy Kyle show (and is free)... What's not to like? They're currently on a co-headlining tour, getting all over the place with Northern Irish rockers Mojo Fury (presumably taking it in

turns to be the mane headliner) and are sure to make any neigsayers look like right foals. Sorry. We like horse puns.

UK-BASED ARTIST

Godmachine – already a respected name in the worlds of skating and all things awesome apparel – has just unveiled his debut clothing line and given FRONT an exclusive heads up on his macabre creations.

You may have already seen his work lapped up by a whole host of ace folk, from

the likes of Adidas, Mishka, The Hundreds and Disturbia to Tony Hawk Skateboards, Bullet For My Valentine and Lamb Of God. And now you can grab a piece of the action yourself.

Q&A
CHRIS
(GUITAR)

HOLD YOUR HORSE IS: WHAT'S THE STORY, EH?

Me and Robin [drums] were in bands when we were younger, and we'd played gigs together. Initially we were going to be a two-piece, but we started writing more complex songs, so got Penny [bass] in to join us. He started booking gig after gig, so we've been playing like nothing on Earth.

YOU SEEM TO HAVE DONE A LOT OF IT VERY DIY...

The whole band is based on

friends and favours and knowing people that can help us out – if we didn't have friends in other bands that could hook us up with gigs, we wouldn't have played half the gigs we have. Half of being in this band is knowing nice people, really.

WHAT SHOULD PEOPLE EXPECT FROM A HYHI SHOW?

Generally, it's just what you see is what you get. There's no acting or anything on stage – just fast songs that we normally play too fast, which is partly my fault, but no messing about. We don't pretend to be something we're not – people want big riffs and songs that make you nod your head.

WHAT'S THE BIG AIM, THEN; THE END OF THE RAINBOW?

Just playing music that someone else will really dig – so many great bands influenced us and made us want to get into music, and we'd love to do that for other people and pass on the torch.

SLAM DUNK: BACK AND BIGGER THAN JESUS

**FRONTARMY.COM TO BREAK NEWS
THROUGHOUT FEBRUARY**

IT SEEMS LIKE only two minutes ago that we were having our balls crushed and sweating cider at last year's pop-punk extravaganza, and now Slam Dunk's organisers have unveiled plans for an even mightier 2011 show.

The people behind the annual Leeds/Hatfield hazzah came in for a bit of

stick after it all went awry (some ill-timed staging led to a bit of a stampede) at the southern arm of Slam Dunk 2010. Head honcho Ben Ray insists lessons have been learnt and boobs will be rocked, though, so keep an eye on frontarmy.com for exclusive line-up details over the coming months.

THE NORTH LONDON RAPPER BIGGED-UP BY THE BEEB'S SOUND OF 2011 POLL INTRODUCES HIMSELF TO US AND HIS TRACTOR-LOVING LIFESTYLE

WHO ARE YOU AND WHAT DO YOU DO?

My name is Wretch 32 and I'm a rapper and grime artist. You may have seen me supporting Chipmunk, Tinie Tempah or Professor Green on tour. Failing that, you might have even seen me riding through your street on a tractor. [Laughs]

WHAT'S THE BIG PLAN FOR THIS YEAR, THEN?

Well, I plan to bring another dimension to the urban scene by putting out exciting, classy and soulful music.

YOU'RE GETTING BIGGED-UP LEFT, RIGHT AND CENTRE. DO YOU BELIEVE THE HYPE?

It's incredible. Chipmunk called me his musical mentor the other day. That was quite humbling, especially as he has been so successful.

WHAT'S BEEN THE BIGGEST PERK OF WHAT YOU DO?

The biggest perk is having a job that isn't actually job, if that makes sense. I want to keep it that way. In five years' time, I'll still be doing music and loving every single moment.

SHIT THE BED!

WHAT? Shit The Bed club night.

WHERE? In Motion, Bristol.

WHO DERE?

Loads of wide-eyed ravers and sweaty girls.

BEST BIT:

Benga's banging

set was made all the more fun by copious amounts of laughing gas.

WORST BIT:

Actually shitting the bed when we got home. Jokes!

THE LOOK:

When dirty

skaters met crazed ravers.

DRINK OF

CHOICE: A pint of your finest cider, barkeep. Ooh arr!

DRUNKEN

LUNACY

RATING:

8.5 outta 10

THE GOOD PEOPLE of Bristol know how to pull an all-nighter, and we don't mean the sort that involves an evening of Babestation and Rustlers burgers.

Instead it was the promise of filthy dubstep, spasm-inducing electro and delicious Thatchers cider that attracted a fuck-load of guests and a pilgrimage of DJs including Plastician, Benga and A1 Bassline.

With the clubbers packed in like sardines marinated in acid, at one point it looked like people were dancing on the ceiling. Granted, we shouldn't have watched Inception before we

went out, but you get the picture.

With not a shitty soiled duvet in sight, a killer time was had by all – DJs included. With that in mind, check out the top five turns of the night...

● BENGAL AND BREAKAGE

Both putting in freaking savage, huge sets that tore the venue apart, quite literally in the case of one helpless light fitting.

5 spaz-outs outta 5

● MISTAJAM

Kept the vibe going where Benga left it, against all odds.

3 spaz-outs outta 5

● SINDEN

The man who blew the back room to smithereens, even without his Count partner.

5 spaz-outs outta 5

● DJ SY

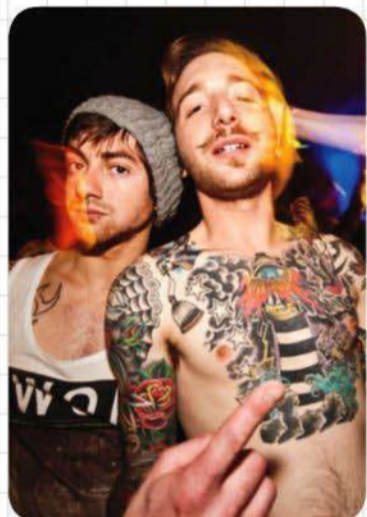

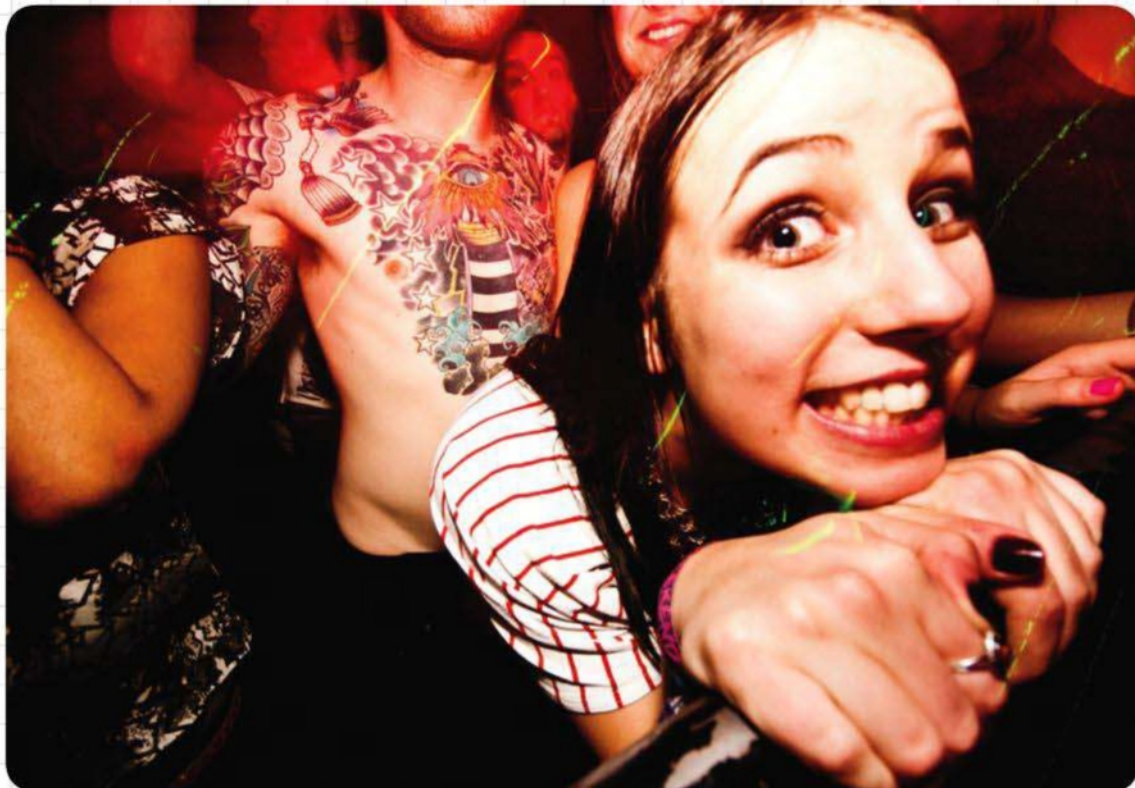

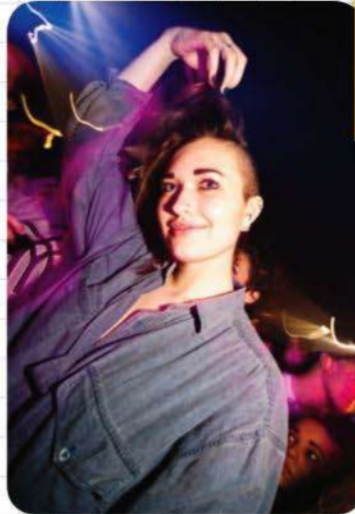

Taking it really old skool with a bit of classic vinyl scratching. A truly wicked set.

3 spaz-outs outta 5

● DIE AND JAKES

Closed proceedings in the heaviest of heavy styles. Jakes cemented why he's one of the very best emcees around.

ENTER SHIKARI THANK FANS

WHAT? Enter Shikari plus spesh guests.

WHERE? Forum, Hatfield.

WHO DERE? Don Broco, The Snowman, loads of diehard fans.

BEST BIT: FRONT girl Mellisa Clarke in the mosh pit.

WORST BIT: People losing shoes and having to walk home in the snow.

THE LOOK: Cold but feisty.

DRINK OF CHOICE: Cider and black.

DRUNKEN LUNACY RATING: 9 outta 10

NOT EVEN JACK FROST could take a big icy piss over Enter Shikari and their now-legendary annual end-of-year party, which saw hundreds of fans trekking through an unprecedented dump of snow to get to the boozy bash.

When they did make it there, they found that supports Young Guns and Rolo Tomassi had already fallen victim to the white stuff, but the show went on regardless and the booze was soon flowing.

"I think the snow is giving everyone that extra sense of camaraderie, so we're not feeling too down any more," beams front man Rou Reynolds after a blinding against-all-odds set.

After the riotous turn from the St Albans quartet,

the shindig continued long into the ball-freezingly early hours courtesy of, er, FRONT magazine and a room full of diehard DJs.

We bumped into Rou a couple of weeks later in a branch of BHS, and used it as an opportunity to catch up on the end-of-year blow-out...

HELLO, ROU, WHAT ARE YOU DOING IN BHS?

I'm just trying to find something nice for my mum. I'm trying to sort of say sorry for pissing her off all the time by writing music at stupid hours of the morning.

FAIR ENOUGH. WE SAW YOU WERE SUITABLY INTOXICATED AT THE END-OF-YEAR DO...

Quite possibly. I mean, it was

actually a top night despite everything. The fact that everyone who was there put in so much effort to make it meant that they were way more up for it. It was just that extra sort of magic vibe.

YEP, IT WAS VERY MUCH A 'BLITZ SPIRIT'. OR EVEN A 'GET BLITZED' SPIRIT...

[Laughs] Yeah, it was always set to be that sort of night. We played with some of the same friends last year, so it was good to see all those boys again. I enjoyed kicking things off with a special Home Alone intro track.

WHICH IS YOUR PREFERRED HOME ALONE - 1 OR 2?

That's tough... I'll go with 1 - it's got a better moral message.

SPLASH YOUR CASH

BECAUSE SAVING IS FOR WANKERS

SIDDOWN, WUDYA

The Sick Kids Cushions
£18, from thesickkids.co.uk

GOOD: D'you suffer through life without cushions simply because you don't want your sofa knobbed-up with flowery prints and granny-colours? Well now you can maintain your street-wise edginess and rest your tired elbows, thanks to British design crew The Sick Kids.

BAD: These are actually filled with children's sick.

HEADPHWOARNES

AIAIAI TMA -1 DJ headphones £175, from headphonegold.co.uk

GOOD: Designed specifically for knob-tweakin', fist-pumpin' disco-jockeys, these bad-ass headphones look amazing and sound even amazing. We don't know whether to

stick them over our ears or take them to bed and tenderly bum them.

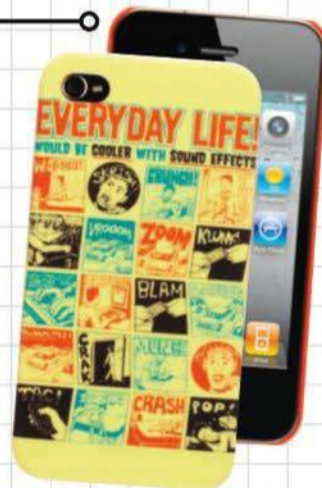

BAD: 175 quid? We'll stick with these held-together-with-sticky-tape Hello Kitty ones we got from Poundland.

CASIN' DA JOINT I

Threadless X Griffin
iPhone/iPad Cases £25 each,
from threadless.com/griffin

GOOD: T-shirt gods Threadless have teamed up with contraption champs Griffin for a move into the iPhone case market. Each design is limited to just 3,000 units and will turn your iPhone into a fully-functioning fanny magnet.

BAD: We've now got several vaginas irreversibly welded to our iPhone and the screen is almost totally obscured. Tsk.

VINYL FWEND

'Caleb' Vinyl Figures by
Amos £36 each, from
thechimpstore.com

GOOD: Shunned by all your mates following a cider-fuelled night of unhinged, two-fisted ranting? Who needs those loser bozos anyway – now you've got Caleb! He's eight inches tall and he's your new bestest pal ever. Hooray for Caleb!

BAD: Oh dear, Caleb's had a drink and he's just leaned in for a snog... erm... awkward... awk-warrrrd...

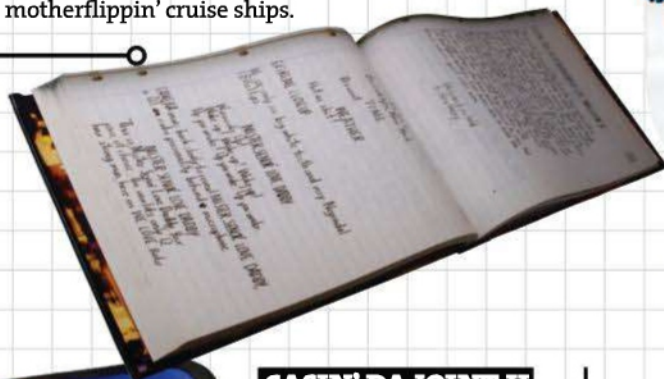

BACKINTHEDAY

Spike Lee: Do The Right Thing £25, from ammobooks.com

GOOD: A table-destroying book celebrating Spike Lee's classic flick movie *Do The Right Thing*, featuring the entire script (bit boring) and hundreds of photos (completely wizard).

BAD: We are badly wanting some of the ghetto-blasters on display – they're as big as motherflippin' cruise ships.

CASIN' DA JOINT II

Manhattan Portage iPad Case (£32), Laptop Sleeve (£40), iPhone Case (£24), from manhattanportage.com

GOOD: Protect your swanky gadgets from catching gadget-flu by zipping them up in these snug wee gadget-jackets.

BAD: You are basically just gift-wrapping your possessions up for muggers.

TOP DECK

Alfa X Addict 'No Guts No Glory' Skate Deck £30, from addict.co.uk

GOOD: If you're a radical dood who loves grinding gnarly vert then you'll be max stylin' with this way chill new deck from Addict and choice tattoo artist Alfa. It's totally bitchin', broski – it's the jam!

BAD: Oh shit, our Beginners' Guide To Skate Slang (1988 Edition) has finally fallen apart at the spine. That's, like, sooo harshed our buzz – it was the total bomb-diggity, yo.

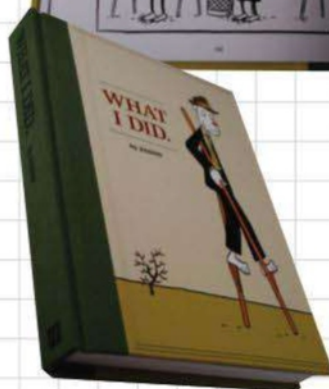

WHAT HE DONE

What I Did by Jason £18, from turnaround-uk.com

GOOD: Here at FRONT, we love things that are simultaneously sad, weird and creepy – and this new collection of comics by the always-ace Jason is the saddest, weirdest, creepiest thing we've seen in a long time...

BAD: ...apart from your dad's tits.

WTF?

FANCY DROSS

He-Man (£38) and Stewie (£32) Outfits, from fancydressoutfitters.co.uk

GOOD: You know your fancy-dress outfit is the tits when fellow party-goers are recoiling from you in goggle-eyed horror, and nobody wants to talk to you because you look like a lurking child-romancer.

BAD: The only way these could look creepier would be if you wet yourself and then popped a highly conspicuous boner.

WHITE ZINFANDEL ROSE - FETZER COLDWATER CREEK

13.5% ABV, 175ML, 2.36 UNITS

£4.45
£2.22/unit

This is wine that comes out draft. We'll repeat that - wine that comes out draft. There is nothing classy about this

It's not uncommon for people to think rose is a mix of red and white wines - these people are dimwits. It's from the skin of red grapes, innit

A PRETTY GIRL SAYS

"It's the colour of makeup - every type of makeup features this shade of pink somewhere. This is lovely"
RATING: Chicks dig pink shit, plus wine out of a tap is almost awesome

WINNER

4/5

DOUBLE SMIRNOFF & CRANBERRY

40% ABV (50ML), 2 UNITS

£3.10
£1.31/unit

Brand-name vodka, vaguely exotic fruit... It's the right balance between vague classiness and hard liquor

Cranberries are seen as 'superfruits'. Cranberry juice is also a good preventative measure against bad breath

"Wow, you wouldn't know this was a double, as when the initial vodka-y kick disappears, it's like drinking Ribena"
RATING: Vaguely healthy (ish) and pretty boozy, how wrong can you go?

3/5

JEREMIAH WEED SWEET TEA

35% ABV VODKA (50ML), 1.75 UNITS

£4.20
£2.40/unit

It's a bit rustic (according to the menu it comes in a jam jar) and a bit country - that's sort of pretty posh, really

Christmas-ruining morose motherfucker Gary Jules (of Mad World fame) did a song called Jeremiah Weed back in 1998. It's also a whiskey brand

"It said on the menu this was meant to be served in a jam jar - this is bullshit! It's very nice, though - really sweet, like a less messy Pimm's. Dead flat, mind"
RATING: Sounded like it was going to be rad, and it was a big glass of underwhelming

2/5

PIMM'S

25% ABV (25ML), 0.625 UNITS

£2.70
£4.15/unit

Fruity, classic and British - this is the Sir Ian McKellen of the booze world

The recipe for Pimm's, developed by oyster-seller James Pimm in the nineteenth century, is only known to six people at any given time

"This feels like it's lacking a bit of foliage - shouldn't there be mint and cucumber in here? It feels like there's a time and a place, and 'Spoons in winter isn't it"
RATING: Great in summer, less great out of it, but you could do worse

FRONT

WORKIE CHALLENGE

**WE FORCE YOUNG HOPEFULS TO
COMPLETE EVIL TASKS. THIS MONTH...
SET YOURSELF ON FIRE**

THE WORKIE: Joe Colley, 21, from Maidstone.

TEA-MAKING SKILLS: Okay. Started strongly, but ended with far too many milky teas that made us feel very ill. Well, not *actually* ill, but it was funny watching him feel guilty about it.

IPOD CHALLENGE: Blinding. Joe pulled out the whole, "Oh, I share this with my girlfriend," card, which he thought excused him from having so many shitty girl-pop tunes, but there was enough rap and punk to keep it on all day. That is, until Michael Buble came on, and we all got strangely emotional.

WEAKEST MOMENT: Turning up a week late. Like last month's workie, Joe blamed his uni getting angry, but also mumbled about "a bit of snow". Weak.

THE CHALLENGE: You know what we've not seen for a long time? A guy on fire. Like, *actually* running around with scorched balls. So imagine the look of glee on our mugs when we heard Joe's dad was a fireman, which meant, in a way, that it'd be cool to set him alight.

The guys looking after new flick *The Girl Who Played With Fire* bundled Joe off to the local park to get a bit of training before forcing him to put his hand in a few flames, and then stuff it in his mouth. Easy.

We would have liked to have seen a few little burns, or even one big burn just so it looked like Joe didn't enjoy the whole challenge too much. Unluckily for us, he was too good at it, and did everything without going to a hospital.

VERDICT: PASS

WE WERE CLOSE TO FAILING HIM FOR BEING TOO GOOD AND NOT BURNING HIMSELF TO DEATH, LIKE WE ASKED.

WHERE AM I THEN? HUNGARY FOR LOVE?

A LOAD OF FOREIGNERS HAVING A MASS SNOG – WHAT COULD BE MORE VALENTINE-Y? ALSO, CAN YOU SPOT THE CELEBRITY KISSY-NAMED KISSERS?

AS ANYONE who's spent any time on the internet knows, Eastern Europeans are sex people. It's obligatory if you're from anywhere further away than Liechtenstein to be involved in at least one straight-to-anal fuck-vid. It's sort of like national service.

Here, then, are a load of Hungarians of not-amazing levels of attractiveness, participating in a mass kiss

in an attempt to get in the Guinness Book Of Records.

It's got to be kind of gross to be involved in something like this. If you and your missus were just getting on with it, happy to be involved in a record attempt, you can guarantee there'd be some really grotty couple there getting far too into it; a boner distorting the chap's trackie bottoms, his pie-smeared

fingers snaking under his girlfriend's grubby knickers.

In amongst these Euro-tonguers are two kissing-named celebrities, Dawn French and Steve 'Lips' Kudlow from the band Anvil. If you find them, you win 20 minutes of tops'n'fingers with a celebrity of your choice. To redeem your prize, show this page to your star of choice and passionately go for it.

HOW TO KICK YOUR OWN ARSE

WITH ANDREW W.K.

I'M FROM THE USA, where we refer to the buttocks as an 'ass'. I understand that in the UK it's called an 'arse'. Anyway, whatever you call it, my main point: there's absolutely nothing wrong with getting your arse kicked. But if you're going to get your arse kicked, you might as well kick it yourself...

DO 1,000 CALF RAISES

I'm not sure if you exercise, go to the gym, or do any sort of physical activity. You are probably in good shape and look like most FRONT readers (every girl's dream). I used to go to the gym all the time. In fact, I put so much time in at the gym that I'm set forever. I've stocked up enough exercise to last me for the rest of my life, so I never have to work out again. But back when I started, I only focused on one simple exercise: calf raises. That's where you stand still, then raise up to the tips of your toes, and then lower back down. I stayed at the gym for many hours, and by the end of my time I had done at least 5,000. The next day I felt fine... BUT THE DAY AFTER... Oh my...

LIE ON THE GROUND

Many of us lie down on the floor every day. Some of us play with dogs and cats while lying arse-up on the carpet; others lie belly-side down while doing yoga and other exercise. But if you *really* want to kick your own arse, you must lie down on the ground, and then really, *really* stay there. And when I write 'on the ground', I mean on the rich natural soils of the earth. You

can't lie on your own land. You're allowed to consider the sidewalk and general public thoroughfare as ground. You may also consider the floors of stations, public loos, and Marks & Spencer. If you have to use the toilet, you can't. You will become conjoined with the ground. A man in love with the natural floor of this planet is a man kicking his own arse.

STAND UP, KICK BACK

Stand tall! Stand proud! Stand true and stand brave! Now that you're all stood up, it's time to really kick your own arse. The best way I've found is to support your body by leaning against a wall and use your hands to balance. Then, using all your lower-body strength, bend your knees while swinging one leg up in reverse, with the heel of your shoe slamming into your arse. Then lower your leg and repeat the movement with the other leg. Go slow until you get the hang of the movement, but you'll require a lot of momentum to make contact with your arse. Once you have the movement learnt, increase the speed until you're really bruising up your arse. The heavier the shoe, the better the arse kicking.

**"Stand tall!
Stand proud!"**

THREE OF MY FAVOURITE RAPPERS

1

LIL B

If you haven't heard of Lil B yet, you certainly will. Lil B is a master of imagination and music. He's a raving lunatic master-rapper with a big mind. He hails from Oakland, California. He calls himself The Based God. He played his first New York City concert at my venue, Santos Party House. I totally relate to all those folk catching the Based God fever.

2

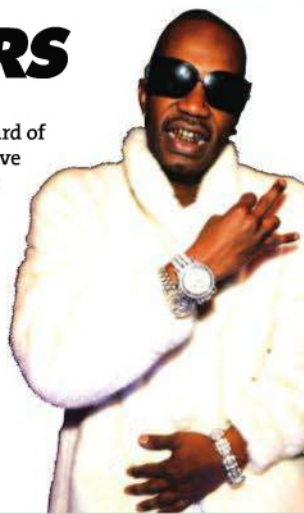

ALEISTER X

This man has one of the greatest voices I've ever heard. I first heard him at a friend's house. His is super-dark party music made by a very worldly man. I worked with him on a reggae song with Lee 'Scratch' Perry called Party Time, and he's been blowing my mind consistently since.

3

JUICY J

You have probably heard of Three 6 Mafia, who have made some of the best rap songs of the last ten years. Juicy J is one of their founding members and he makes unbelievably intense solo rap music. Juicy J's approach creates super-cool vocal patterns which weave carpets of heavy imagery and personality. And he loves to party hard!

**BIG
INTERVIEW**

**THE PINT-SIZED FRONT MAN
SHOWS US HOW HE DRINKS BOOZE,
WORKS WITH MEGASTARS AND
GETS INTO FIGHTS IN THE FAR EAST**

HELLO, DERYCK. HOW ARE YOU?

I'm just kind of waking up.

IT'S 2PM, DUDE.

I don't really like to wake up before about 4 or 5. I don't really like too much daylight. I go to bed when it's starting to get light.

IT SEEMS INSANE THAT YOU'RE ONLY 30, BUT YOU'VE BEEN A ROCK STAR FOR FUCKING AGES...

I've been doing it for about ten years now, I guess. It's weird, though, because for me it's all felt like one big year. I'm really bad with knowing what days are, and the passage of time in general is one big thing to me – everything from the beginning feels like it was just the other day. I just kind of wake up and do my thing. I don't really care about anything other

DERYCK WHIBLEY

than the day I'm in. Fortunately, every day seems to go quite well.

WHAT CAN PEOPLE EXPECT FROM YOUR NEW ALBUM, SCREAMING BLOODY MURDER?

It's hard for me to explain – it's really eclectic, and still sounds like us but not like anything we've done before. When we set out to make it we were just like, 'Fuck everything, we don't even care.' I don't care about what people think of it, which radio stations play it, what critics say about it... I don't give a fuck, at all. We just set out to make a rock record that we'd love.

NOT GOING FOR A BIG POPPY ONE, THEN?

I'm a rock music fan, and I don't like pop. I know we live in a world of massive pop everywhere, and that shit is really successful now, but I couldn't incorporate any of that new style of electronic shit that I know a lot of rock bands are doing. It's just awful. I think a lot of good rock bands have fucked up lately,

and I don't think there's anything good going on in rock right now.

NOTHING?

Not in terms of popular music. I mean, there's indie bands, but indie's shit. There's no real great big rock bands now – there's great *bands*, but they're not making great *records*. Everyone seems to be trying to fit in elements of electro and other stuff, and we want to do the opposite of that.

AW, COME ON, MAN.

YOU COULD BE THE NEXT BLACK EYED PEAS...

I just avoid listening to that kind of stuff. I don't know these songs; I hear a lot of them and they just don't register with me, and I can't feel any of that shit.

WHERE WOULD YOU BE IF ALL KILLER NO FILLER HADN'T BECOME SO HUGE?

I think we'd still have been in the

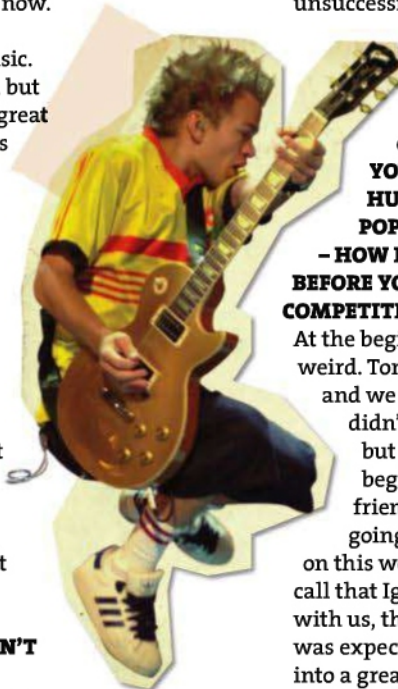

band – we'd still be musicians, but unsuccessful musicians. We'd be

doing the exact same thing, but in front of 20 people. I don't think there's anything else I could have done.

YOU'VE WORKED WITH HUGE NAMES LIKE IGGY POP AND TOMMY LEE

– HOW LONG DID IT TAKE BEFORE YOU DIDN'T FEEL LIKE A COMPETITION WINNER?

At the beginning it was always weird. Tommy Lee was the first, and we were really young and didn't know what to expect, but we hit it off from the beginning, and we're still friends to this day – I'm going over to his house later on this week. When I first got the call that Iggy wanted to do a song with us, that was the last thing I was expecting, but that also turned into a great friendship where we still talk. ►

they hear about me, I might as well be an alien.

DO YOU GET A LOT OF ATTENTION FROM PAPARAZZOS AND SHIT?

I don't get a lot of it, as I'm not that famous in that type of world. If I'm walking by they'll pull a camera on me but they don't, like, follow me.

WE READ THAT YOU'VE BEEN WORKING ON AVRIL LAVIGNE'S NEW ALBUM. IS THAT WEIRD, SEEING AS YOU TWO WERE MARRIED FOR A

FAIR WHILE?

I did do work on her album - it's done now. Even after we split we continued to work together, and we're close. It wasn't a bad break-up where we couldn't speak to each other again. We're still friends.

YOU GOT BEATEN UP IN JAPAN LAST YEAR - WHAT HAPPENED?

It was pretty weird - just some drunken idiots from a band. It's happened before, so we take security most of the time, but we didn't on that tour. I'm a pretty easy target - people like to fuck with people like me. I'm not that big, and they recognise me. I was hit from behind, and didn't even know what was happening. I went down with three guys going for me.

AND THEN YOU DISOBEYED MEDICAL ADVICE TO PULL OUT OF THE FUJI ROCKS FESTIVAL...

There were 40,000 people there, man, I couldn't let them all down. I'm still fucked up, actually. When you've fucked up a disc in your back it's *really* fucked, so it takes a long time. And I don't take painkillers - I've never taken them as they're so addictive. They always tell me to get on pills and stuff, but I just don't want to get into that whole fucking mess.

AH, LIKE YOU'RE WORRIED YOU'LL TAKE A BUTT-LOAD AND GET HOOKED?

Yeah - eventually they start to not work,

and it's a bad cycle to get into. I've seen people get into a spiral and get worse and worse. I find the booze works.

WHAT'S YOUR BOOZE OF CHOICE?

I have four different drinks, usually in a routine. I'll drink white wine in the day, red wine in the evening, then it's vodka for the night interrupted with shots of Jack. Everyone should try doing shots of Jack while drinking a glass of vodka.

WHAT'S THE LAST THING YOU DID WHERE AFTERWARDS YOU WENT, "HOLY SHIT, MAN, THAT WAS PRETTY ROCK 'N' ROLL"?

When we were making the record, I didn't want to work in a studio - they're so boring that I thought they'd lead to putting boring energy into a record. I ended up renting a house to live in, recording whenever we felt like it. It turned into a madhouse, and I ended up making the record in the midst of chaos. Once there were a ton of us partying there, and I was just walking through the hall, and my friend said, "Hey, Deryck, jump through this door," and for whatever reason I went, "Okay!" and smashed through it. I don't really remember doing it. **FRONT**

"I'M AN EASY TARGET FOR PEOPLE TO FUCK WITH"

ARE THERE ANY HEROES YOU'D STILL BE STARSTRUCK TO MEET?

I don't really get starstruck. I've met a lot of people that I've liked. I don't know who would make me properly starstruck - maybe if I met the [Rolling] Stones or Tom Petty. I think after a while, once you meet enough of your heroes you stop feeling it - they're just people. Even if I met Tom Petty, I wouldn't freak out.

WHAT'S THE WEIRDEST SITUATION YOUR JOB'S LANDED YOU IN?

It's a hard one, because you're constantly in weird situations. There's nothing normal about my life. I wake up every day like, 'How's this happened?' When I talk to my family or people back home and hear what their lives are like, and

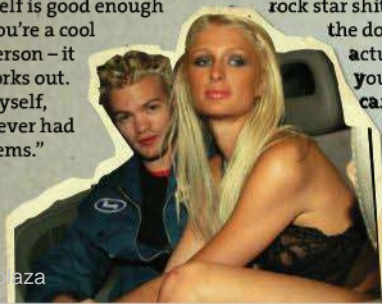

DO IT LIKE DERYCK

WANNA BE A ROCK STAR? TAKE WHIBLEY'S ADVICE (ALSO, CONSIDER HAVING A SILLY NAME)

GET WOMEN

"I don't really think about it. I've always been a walking example that looks don't matter. If you just be yourself, and yourself is good enough - like, if you're a cool enough person - it all just works out. I'm just myself, and I've never had any problems."

LOVE IT

"You can only do what you love, because if you don't love it you won't be successful with it. You can only go through this rock star shit, the ups and the downs, if you actually love it. If you fake it, you can only fake it for so long."

BE READY FOR A ROLLER COASTER

"You have to understand what this whole thing is. It's like the best, most extreme high; the best experience you've ever had, followed by the worst. You'll have the best day of your life, then feel like nobody gives a shit about you."

EXPECT THE WORST

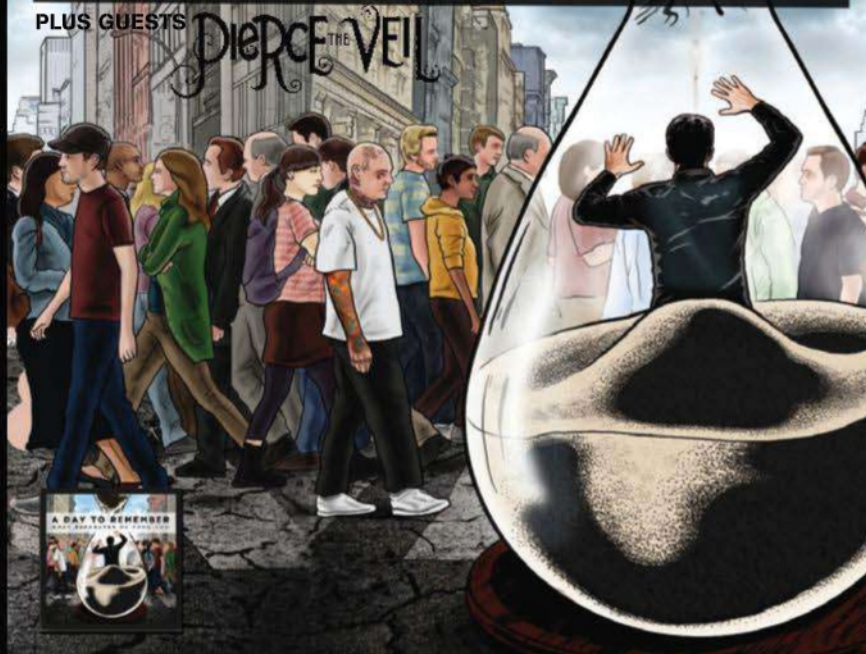

"At first, when things go wrong and you don't have food, or nobody's booked your flights, you're like, 'What the fuck? You're paid to sort this out for me.' But you realise that's just the way it is. When there's a shitty day I just don't give a shit - I know tomorrow'll probably be one of the best days of my life."

FYI

- Before we got to the actual questions, we had a conversation with Ville about the weather. That conversation is best described as 'too long'.
- Ville described "the fellow I see in the mirror every morning" as the biggest arsehole famous person he'd ever met.

QUESTIONS VILLE VALO FROM HIM

HOW WILL THE FINNISH INVENTOR OF 'LOVE METAL' HANDLE THE QUERIES WE PUT TO EVERYONE?

1 AS A YOUNGSTER, WHAT WAS YOUR FAVOURITE FILM?

Star Wars – I had lots of the toys, but I think I exchanged them for drugs.

2 WHAT'S THE WORST THING YOU'VE EVER EATEN?

I tried some fugu, the poisonous fish, in Tokyo. I was really sick.

3 IF YOU COULD THROW ONE PERSON OFF TV INTO A PEN OF LIONS, WHO WOULD IT BE?

Is there a famous lion tamer on TV? If so, him, because that would be interesting. Is there a Lion Whisperer?

4 IF YOU COULD HAVE A SUPER POWER, WHAT WOULD IT BE?

Something that didn't really work, like going back in time, living my life again and making the same mistakes.

5 WOULD YOU RATHER BE TOO HOT OR TOO COLD?

Too cold. I'm a Finn.

6 WHAT MAKES AN ACE NIGHT OUT PROPERLY ACE?

When you wake up with a smile on your face like, 'What the fuck?'

7 WHAT IS THE FIRST ALBUM YOU EVER BOUGHT?

Animalize by KISS, on vinyl, in 1984.

8 WHAT'S THE STUPIDEST THING YOU'VE EVER SAID TO A GIRL YOU LIKED?

Girls are weird creatures. Any sentence can be amazing. Like, "I adore the socks you're wearing" – that's a great line, but what if she doesn't have toes?

9 WHAT WOULD YOUR FUNERAL BE LIKE?

I'd like my left leg to be cremated and have its own separate party.

10 WHO'S THE BIGGEST ARSEHOLE FAMOUS PERSON YOU'VE EVER MET?

I've been pleasantly surprised. I never thought Slash would be such a gent. He was the sweetest person.

11 HAVE YOU GOT ANY PHOBIAS?

I had a bit of arachnophobia, but I live in a house where spiders are helpful, so they're my friends now. There are three or four that I've named.

12 DO YOU DO ANY SOCIAL NETWORKING SHIT?

I've had problems with Facebook. People occasionally knock on my door, having flown over cos they thought they'd been in touch with 'me' for years.

13 WHAT'S THE WORST IDEA YOU'VE EVER HAD?

"Let's shoot a gay porno in the ashes of the erupting Icelandic volcano!"

14 WHAT HAVE YOU SEEN THAT YOU REALLY WISH YOU COULD UN-SEE?

A porn movie with a 75-year-old grandma in an S&M outfit shitting into the mouth of a guy who's jerking off. He cums while chewing on the shit.

15 WHAT'S YOUR BOOZE OF CHOICE?

Miller High Life. It's a white-trash weak American lager. It makes me feel like I have chest hair.

16 WHAT'S THE MOST ILLEGAL THING YOU (OR "A FRIEND OF YOURS") HAVE EVER DONE?

I've broken into a few premises, but all kids do that.

17 IF YOU WEREN'T DOING THIS FOR A LIVING, WHAT WOULD YOU BE DOING?

My dad runs a sex shop in Helsinki, so I guess I'd be the dildo expert there. Or the Spider Whisperer.

18 WHAT'S THE MOST YOU'VE EVER NEEDED THE LOO?

I shat my pants walking around Hamburg once.

19 WHY SHOULD PEOPLE GET YOUR NEW REMIX ALBUM, SWRMXS?

A lot of electronic music is way scarier than rock music, because you don't know what to expect.

20 WHAT'S THE PUNCHLINE TO YOUR FAVOURITE EVER JOKE?

"Blind date."

CRUSH

DECADENCE

DUDE OF SPORT

STUFF I'D GRAB FROM A BURNING HOUSE WITH JOHN TANNER

THE UP-AND-COMING STREET SKATER WITH TOURS TO CHINA, MONGOLIA AND THE STATES ALREADY IN THE BAG

WHO HE?

NAME: John Tanner
AGE: 21
FROM: London
SPONSORS: eS, Elwood Clothing, Cliché, Slam City Skates

ACE MEMORIES

"This DVD holds some of my favourite skating. In particular, it has me skating on the Great Wall of China. That was fucking awesome. I had to walk for miles before I found somewhere flat enough, but eventually we found the perfect place."

SNEAKS

"I've got a ton of shoes, but you can never have too many, right? eS have been hooking me up with all sorts of gems, and my favourites are the 'Duran' in brown suede. They're fucking comfy and have the best jelly innersoles ever."

HAPPY SNAPS

"I've been pursuing photography a lot over the past year. When I go on trips, I mainly shoot in black and white, because I love the timeless feel you get from that type of shot. Digital has nothing on the old films, and having a professional snapper on tour with us is real useful for getting tips and advice."

THE BLOWER

"My iPhone is a bloody lifesaver when I go travelling. I don't know how I would have survived back when this technology wasn't available. Take my advice, though: turn off data roaming when you're abroad. Last year I got a killer bill for £350. I guess I deserved it after using it over in Mongolia."

TUNES

"I gotta listen to music before a skate to hype me up, so I'd have to grab my iPod before watching my place burn to the ground. My top three skate vid tunes have to be RID2's Ghostwriter, Radiohead's Polythene and Shuggie Otis's Strawberry Letter. They get me psyched."

THE WONDER YEARS

"I collect old decks from the '90s, mainly from Girl and Chocolate. I'd grab this one in a fire. It's a Keenan Milton 'Taxi' board. Milton died back in 2001, so it's a great way to commemorate his awesome contribution to skating on my wall."

BEST BLOODY BLAG

"The best sponsor freebie I own was from Cliche Skateboards a few months ago. It's a screen-printed skateboard designed by amazing artist Sean Cliver. He's notorious for his controversial board graphics, and he made no exception to this rare deck that I own."

MAG STAR

"When I saw myself in a mag for the first time I couldn't believe it. I was even more freaked when I saw myself on the cover of Sidewalk earlier this year – I had no idea until I picked it up. I'm glad they didn't tell me, because I would have been way too excited. It's definitely a proud moment in my life."

COLLECT-A-MANIAC

"I've kept a whole bunch of things from trips I've been on recently. It's like a massive bag of memories, with everything from receipts, train tickets and napkin doodles. If I lost this I'd be pissed off!"

ONE OF OUR FAVOURITE FRONTARMY.COM FORUM GIRLS BREAKS OUT FROM YOUR MONITOR AND INTO YOUR MAG, SORT OF LIKE IN THAT FILM THE RING, BUT SEXIER

WHAT ARE YOU DOING RIGHT NOW?

I've sneaked out of work for ten minutes to talk to you. It's really busy, too.

DAY JOB: I'm temping at HMV.

DREAM JOB: Get me writing for FRONT and I'll be dead happy.

BEST THING ABOUT BEING A FRONT ALT GIRL? Being associated with all the amazing FRONT models, especially Jessica Weekley. I'm sad that we never got to do a redhead shoot together.

TURN-ONS: A bit of stubble and a nicely groomed head of hair is a start.

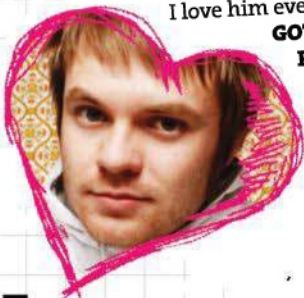

TURN-OFFS: Unwashed hair and arrogance. You can get lost if you tick those boxes.

WHO DO YOU HAVE A CRUSH ON?

Rou Reynolds from Enter Shikari. I saw them live a few weeks ago and I love him even more now.

GOT ANY TATTOOS/PIERCINGS?

I've just got my second Hello Kitty tattoo on my wrist. My sister has done both of them for me.

"I'm sad that I never got to do

"I'm quite a
good drunk,
if you like hyper party animals"

FAVOURITE FILM: Old Boy. It's mental but I think it's the best.

FAVOURITE ALBUM: Enema Of The State by Blink-182. It's a safe bet at any party.

FAVOURITE FOOD: I eat pizza all the time, so I'd be a liar if I said anything else. Pepperoni FTW!

BOOZE-DRINK OF CHOICE: Brother's Strawberry Cider tastes like sunshine even on a shitty day.

FIRST GIG: Blink-182 with my dad. It was a tiny bit awkward when they played Happy Holidays, You Bastard.

LAST GIG: 30 Seconds To Mars in Birmingham. I was in heaven when I heard that Enter Shikari were supporting!

PERFECT NIGHT OUT: Grabbing all of my mates and heading to any club that plays punk music. I'm quite a good drunk, if you like hyper party animals.

PERFECT NIGHT IN: I'd be happy with a massive pizza and a film.

I'm a total film nut, so I better choose which one we're watching.

HIGH HEELS OR TRAINERS?

Dr Martens! I live in mine. I can't

walk in heels - I fall flat on my face after two steps.

WHO GETS WHAT IN YOUR

WILL? I've got so many films that I'd have to share them out between all of my friends. My sister gets my Macbook, though.

CLAIM TO FAME? I've been in FRONT before, modelling the awesome T-shirts. I was also on the news, talking about politics, but that's nowhere near as sexy.

NO. 48 POP A RAD BOARDSLIDE

**FIG. 1 DON'T BE SHIT AT
SKATEBOARDING**

Before you can master the boardslide, you could do with having some basic skills, like skateboard ownership, ollieing and doing 180s. Or, fuck it, just give it a go.

**FIG. 2 APPROACH THE RAIL
LIKE A MAN**

Confidence is key as you approach whatever it is you're sliding – go too slow and you'll end up face-down on the floor. Go for an angle just off parallel.

**FIG. 3 A LITTLE GOES A
LONGISH WAY**

Once on the rail, even slight adjustments will have a big effect, so keep them small and controlled. Don't lean back too far or you'll fucking DIE, dude.

SECRET LANGUAGE

YOUR NEW GIRLFRIEND'S DAD

GET IN HIS BAD BOOKS
AND YOUR LIFE WILL BE
MADE A MISERY. GET IN
HIS GOOD BOOKS AND...
ACTUALLY, THERE'S NO
CHANCE IN HELL OF
THAT HAPPENING

WHAT HE SAYS

**SO, YOU'RE THE NEW
BOYFRIEND THEN, ARE YOU?**

WHAT HE MEANS

Do you see how I've politely welcomed you into my home as opposed to just attacking you on the doorstep with a cricket bat that I've skilfully modified with a couple of six-inch nails? That's because I'm a reasonable man and prepared to give you a fair crack of the whip. Actually, it's more like eight six-inch nails. Oh, and I've got a whip as well. Just so you know.

WHAT HE SAYS

**DID YOU WATCH THE MATCH
LAST NIGHT? WHO DO YOU
FANCY FOR THE LEAGUE?**

WHAT HE MEANS

It doesn't matter a fucking jot, to be honest – I'm just making small talk with you. I don't even know all that much about sport. I'm just trying to say anything to keep you in the living room and stop you from going up to my daughter's bedroom with her, where I know you'll probably be smashing her back doors in within half an hour.

WHAT HE SAYS

**I DON'T WANT YOU TO FEEL
THREATENED BY ME. IF YOU DO
RIGHT BY MY LITTLE GIRL, ME AND
YOU WILL GET ALONG JUST FINE.**

WHAT HE MEANS

Listen, fucko, it's like this: in my mind, my daughter is still a three-year-old, dressed as a ballerina and doing a cute little dance in front of the family on Christmas Day. In truth, I know that she spends her weekends dabbling in an array of chemicals and chasing dick like a whippet after a hare. I just choose to pretend it isn't happening.

WHAT HE SAYS

**DO YOU WANT A DRINK,
SON? WHILE SHE'S
UPSTAIRS, PUTTING
HER FACE ON?**

WHAT HE MEANS

A proper fucking drink. A whisky. I'll have a drop of the good stuff and I'll pour you a few fingers of the shit I got from the mother-in-law for Christmas. A couple of those and you'll be telling me all about what you're planning to do to my beautiful baby girl in the back of your shitty little car later on. That's when I'll be reaching for my cricket bat...

WHAT HE SAYS

**YOU KNOW WHAT?
WE SHOULD PROBABLY
GO FISHING TOGETHER
SOME TIME, GET TO
KNOW EACH OTHER A
BIT BETTER.**

WHAT HE MEANS

Just me and you, next to a deep, fast-moving river. Oh, at first I'll be all matey and chummy but after a while I'll tell you that I've 'forgotten to take my tablets this morning'. That'll make you slightly nervous, but you'll keep your composure out of politeness. Then I'll start talking gibberish and silently staring into space for long periods. It'll properly fuck you up. Then we'll go home and from then on, you'll always be wondering what I'm capable of.

HISTORY IS AWESOME

BEATLEMANIA HITS THE USA

WHEN: FEBRUARY 1964

WHERE: AMERICAN UNITED STATES OF A

FYI

- If John Lennon hadn't been tragically shot in 1980 he'd be celebrating his one-hundred-and-forty-fifth birthday this year, and he'd be married to Megan Fox and he'd have a well fast car made of lasers.
- Ringo once did a sneaky shit on George's guitar, causing him to get poo all over his hands. George got Ringo back, however, by cheekily murdering his grandparents.

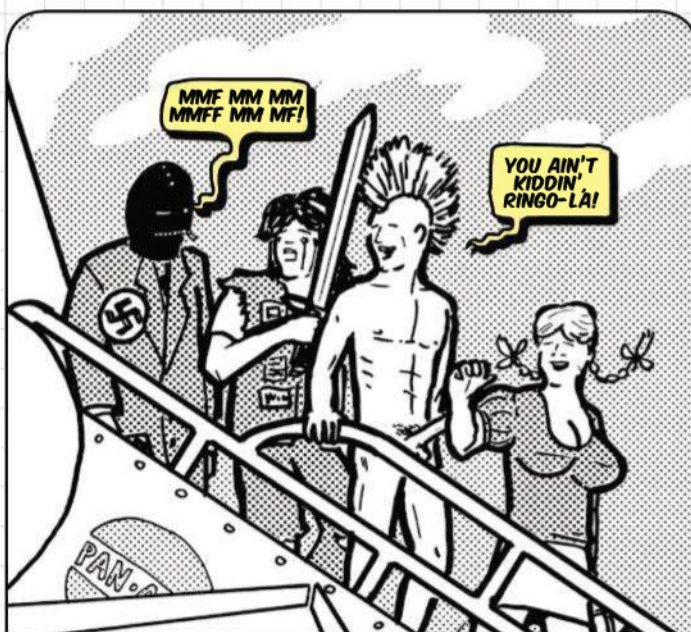

FRENZIED CROWDS GREET JOHN BEATLE, PAUL BEATLE, GEORGE BEATLE AND RINGO BEATLE AS THEY ARRIVE IN NEW YORK'S JFK AIRPORT. THEIR AIM: CONQUER AMERICA USING MOP-TOP POP!

WITHIN A WEEK THE BEATLES HAVE 15 SINGLES IN THE BILLBOARD TOP TEN, INCLUDING I WANT TO GRIP YOUR WRIST, HELP HELP HELP HELP!, PLEASE PLEASEY ME AND LOVE LOVE ME HAIRDO.

BUT COMPETITION SOON ARRIVES IN THE FORM OF THE ROLLING STONES: RUDE, NUDE, DRUGGY DUDES WHO SUDDENLY MAKE THE BEATLES SEEM VERY TAME AND FLOPPY.

SHAKEN, THE BEATLES FLY BACK TO THE UK TO REGROUP, BEFORE RETURNING TO THE STATES WITH A FAR-OUT NEW SOUND AND A DAZZLING NEW LOOK. THE FAB FOUR ARE NOW EVEN FABBERER!

WISE WORDS

THE SEXY LIFE OF A MODEL

OBSESSION OF THE MONTH: **NUNS**

NUNS ARE THE SEXIEST things in the world to me, and I say this despite having seen real-life nuns who are not very sexy or attractive at all. It is testament to my warped mind that I can take perhaps the most devoutly unsexual group of ladies in the world and fetishise them to the point that I once got caught doing something very dodgy with a crucifix. By God...

However, I know I am not alone in this fantasy, as I have seen many, many pornos with nuns in. Probably not *real* nuns, but what can you do? On closer introspection I can actually pinpoint the exact moment I started thinking nuns were hot: it was while watching the terrible film

Evil Woman (AKA Saving Silverman) which is one of the lesser-known shit Jason Biggs films (I know he has many). In it they had Amanda Detmer dressed as a trainee nun, and she looked so hot that I have wanted her outfit in that film ever since, just so I could play dress-up. You should watch it just for her parts and mute all the rest – you won't be disappointed.

TOP 5 THINGS I WOULD DO IF I WERE A NUN

1 HAIL SATAN

Hail Mary is for pussies.

2 DRINK COCA-COLA

When I was at school someone once told me a story about a nun having sex with a Coke bottle and it getting stuck up there "because of the vacuum". To this day I still think it is something nuns do.

3 BECOME A VIGILANTE CRIME-FIGHTER

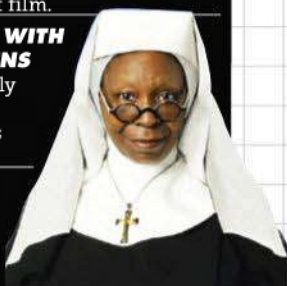

With flaming swords and nipple spikes. Has to be done. There is so much danger in this world.

4 START A CHOIR

One that sings street songs in a hip-hop gospel style, à la Sister Act. Bloody hell, do I love that film.

5 HAVE SEX WITH OTHER NUNS

Obviously. But only if they were fit and someone was filming it.

What I Does Love This Month

● NEW YORK

Concrete jungle where dreams are made, oh, there's nothing you can't do.

● BOAR'S HEAD SANDWICHES

The only thing I will eat in New York. They are full of meat and obscene amounts of awesomeness.

● WILLIAMSBURG BEARDS

Williamsburg is a part of NYC, and everyone there has a beard. Even the girls.

● GARBAGE PAIL KIDS STICKERS

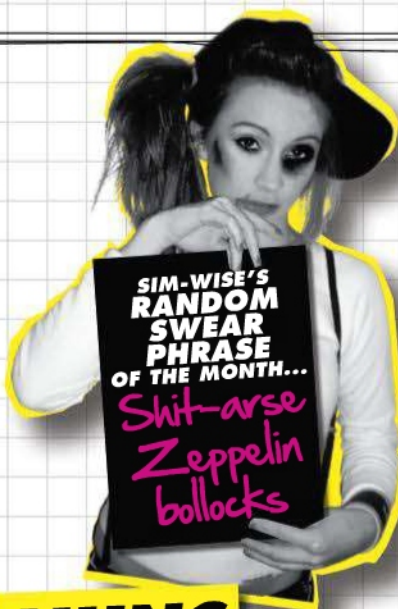

YES!

● GIRL TALK

This dude makes party mixes out of '80s tunes and rap, mainly.

● KID ROBOT

A shop just full of cool toys. For adults. That's not an 'adult' shop. Although those are cool too.

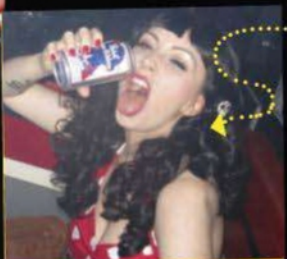

WHAT ELSE I HAS DONE THIS MONTH

I WAS SUPPOSED TO BE CHER

The facially enhanced singer, not the X Factor contestant. Still, I ended up looking more like Bettie Page, which I guess is no bad thing.

HAHA I AM SO COOL! I DOWN HIPSTER BEER!

Except it is empty, I found it empty, and I am a twat.

PRE WHITE DOGPOO STAGE

I bumped into ET at the Mishka store. I had to keep him warm else he would turn into a white dogshit, and nobody wants that. That part of the movie made me cry.

TATTOO YOU

While in NY I went to Smith Street Tattoo, to get tattooed by Bert Krak again. I have a bit of good AND bad now.

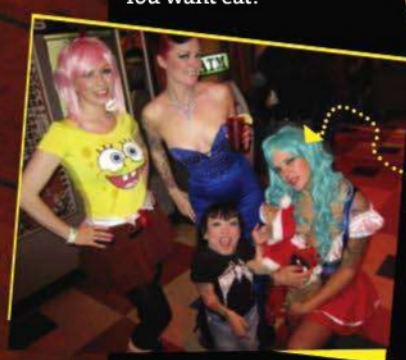

DID SOMEBODY SAY NACHOS?

We have many in spades. You want eat?

NEW JERSEY ISN'T ALL JERSEY SHORE

I took a day-trip to the Jersey Shore to check out the Pretty Things Peepshow. See, it's not all Snooki and The Situation.

COCK MOUTH

Lucky Cheng's is a New York Asian drag queen bar where your waitress teabags you and is called 'Japanese Fucking Bitch' and they make you wear balloon cock hats. It is very very awesome.

TANK GIRL: BAD WIND RISING

Alan Martin and Rufus Dayglo have brought Tank Girl back in her sweariest, booziest incarnation yet.

FINDING MONEY IN CLOTHES YOU HAVEN'T WORN FOR A BIT

While it isn't actually free money, finding a fiver in a pair of jeans you haven't worn for ages feels like winning the lottery.

THE BUZZ OF EATING OUT- OF-DATE FOOD

The thrill you get from eating mince two or three days after it's expired... The gamble you take going to bed that night rather than sleeping on the toilet... It's exhilarating.

Yep. See [fuckyeah girlsandcats.tumblr.com](https://www.tumblr.com/fuckyeahgirlsandcats) for more.

THE SEXY & COOL LIST 2011

THE 50 MOST BRILLIANT

There are far too many lists that just go, "Ooh, sexy girls," probably compiled by amateur sex-pesters who see women as objects like chairs or hats. Them looking at a pretty girl is like you glimpsing a bowl of soup or nearby lamp. That's why we've used highly scientific methods to select 50 girls who are not only painfully pretty, but also fascinating as fuck...

WHAT MAKES THESE WOMEN SO ACE?

To qualify, the girls had to fall into two or more of the following amazing categories

- ① **MARRIAGE MATERIAL/THE ONE** Ladies so amazing you'd happily place a ring on your finger (not like that).
- ② **MOSH PIT HONEYS** Any girl comfortable going apeshit to Slayer while covered in a thousand people's sweat is alright by us.
- ③ **PARTY ANIMALS** Is there anything sexier than a girl channelling her inner Andrew WK?
- ④ **ATTRACTIVELY BONKERS** Sanity is boring, so let's hear it for the crackpots, the mentalists and the slightly unhinged.
- ⑤ **GEEK SKILLS** Whether they're wielding pens, tattoo guns or the world wide web, a lass with a nerdy arty side's a brilliant thing.
- ⑥ **NAUGHTY FLIPSIDE** When a girl seems like butter wouldn't melt in her mouth, but she's got a dangerously sexy Jekyll and Hyde side? Amazing.

50

Alexis Krauss

SLEIGH BELLS FRONT LADY

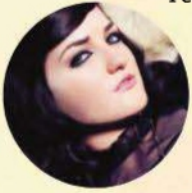

As one half of noise-pop duo Sleigh Bells, Alexis has been bigged-up by music-bods Pitchfork and signed to MIA's label. She's also got a bunch of tattoos, an enigmatic past as a member of a dodgy early-2000s girl band and she gives off the impression she could probably punch us through a metal wall.

49 **Pearl**

PUPPET MISTRESS

Pearl, or Katie Sutherland as she's known on her bank card, has shared stages with fruity puddle-jumpers Elton John and Mika. What would be more fun than seeing those gents in concert is saying Pearl's band name,

Pearl And The Puppets, with a mouthful of crunched-up Pringles, stood in front of a stranger. Messy and dangerous – just how we like it.

48 **Alison Brie**

BRIE-LIANTLY AWESOME

The sexy actress thunders onto our list for being awesomely diverse, cropping up in a cross-section of classy American shows from *Mad Men* to *Community*. Expect to see more of Alison, and possibly her entrails, when she appears in slash-fest *Scream 4* in April.

**Rihanna**

POP PRINCESS

What can we say about Rihanna that hasn't already been said? How about: even if she insisted that every day we frantically licked her toilet bowl free of stains, we'd still marry her. Seriously, right under the rim like a human Toilet Duck, tonguing away any dried-on poo bits. If that isn't love, then we don't know what is.

LADIES ON PLANET EARTH**Vanessa Hudgens** 46

SNAP-HAPPY DISNEY DIRTBOX

Once the squeakiest cleanest girl in Hollywood, Vanessa dirtied her reputation and the trousers of millions of internet users when pics of her naked leaked onto the web back in 2007. Yet more leaking (both in trousers and of pictures) occurred in 2009, making us full-on Hudgens fans – at least until Selena Gomez gets her chubbers out.

45 **Karen Gillan**

TIDY TARDIS TOTTY

So leggy it seems to defy physics (shouldn't she be about eight feet tall with legs that long?), Karen is as Scottish as an Im-Bru, offal and shortbread sandwich, and perfectly counterbalances Doctor Who's inherent dorkiness with her effortless aceness.

Aubrey Plaza 44

CHUCKLESOME CHICK

Currently starring in hilarious US sitcom *Parks And Recreation* and with an ass-ton of exciting projects afoot, Aubrey Plaza is capable of sounding more sarcastic than anyone else on Earth, which is, you know, a really positive trait, yeah?

**Eve E**

SAUCY CLOTHESHORSE

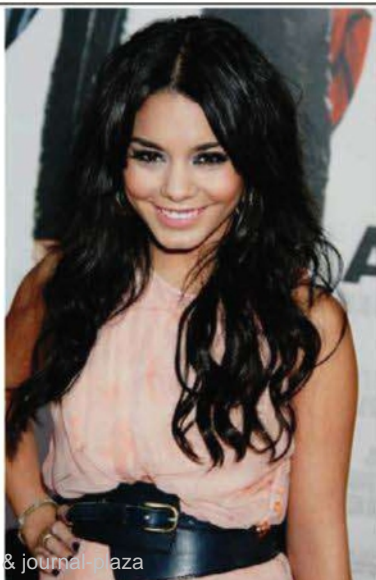

Probably the third best thing out of Newcastle after the brown ale and number one-dodging Joe McElderry, Eve E is chums with a whole bunch of cracking bands, as well as the pretty-as-a-picture face of nice clothing labels Sin Star and Honour Over Glory.

43

**Mila Kunis** 42

LEFT CULKIN HOME ALONE

How cool is Mila Kunis? So cool that she broke up with boyfriend Macaulay Culkin at the beginning of winter, achieving what the Wet Bandits couldn't by ruining his Christmas. That's pretty ace. Plus, as *Black Swan* showed, she's not averse to a bit of lezzing-up.

41 Rooney Mara

IMMINENTLY INKY

This Rooney looks set to achieve what her footballing namesake fails at: namely, kicking arse on the biggest stage. The fit-of-faced Mara is sure to explode with the title role in Hollywood's whistles-and-bells remake of *The Girl With The Dragon Tattoo* series, making her the sexiest sleuth since Miss Marple.

Natalie Blair 40

BARE-BUMMED COVER LADY

By appearing on our cover sporting nowt but a chunky winter hat, Natalie did for seasonal headgear what that cold sore-riddled woman in the Zovirax advert did for oral herpes. But it was the 21-year-old's insistence that she could "drink us under the table" that really made our hearts go baboombaboom and our trousers go crrrrup. In that order.

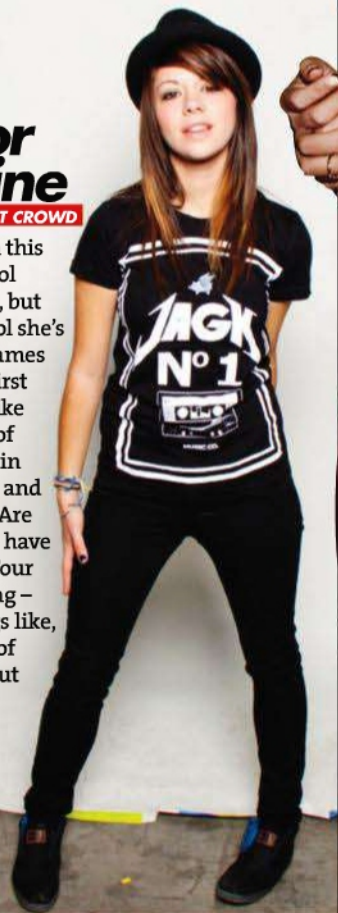

39

Taylor Jardine

SHE'S IN THE FIT CROWD

Some girls on this list are too cool for surnames, but Taylor's so cool she's got two surnames instead of a first name. She's like the opposite of Lenny Henry in that way. She and her band We Are The In Crowd have left Warped Tour crowds roaring – roaring things like, "Get the rest of those dorks out of the way of the fit one!"

Katy B 37

DUB DELIGHT

The Peckham-born princess of dubstep is taking over the charts one bowel-rumbling bassline at a time. Katy sings about looooooads of cool stuff like being on a mission and dancing with the lights on. We'd quite like to go on a mission into Katy's pants, if you know what we mean. Nudge nudge, wink wink, etc.

36

DJ Yazmin

SCOTCH SEXPOT

There are plenty of MCs in Scotland – McDonalds, McGregors, etc – but only one MC and DJ as sexy as Yazmin. The 22-year-old from Kilmacoll teamed up with Devlin last year and her first solo track is just about to drop. Coincidentally, we've just dropped a filled-up tissue and crusty sock combo.

38 Nina Dobrev

FANGY FITTY

Forget the fact that Nina plays the lead in sharp-toothed US drama *The Vampire Diaries* and has several Teen Choice Awards under her belt – for us, it's all about saying her full name, Nina Constantinova Dobрева, in a Russian accent. God damn you feel cool.

Nicki Minaj

MASSIVE-ARSED FILTH-MERCHANT

35

The first person to be on seven singles in the Billboard Hot 100 simultaneously, arseliciously curvetastic Nicki is also awesomely mental, with about eight weird-ass alter-egos that she brings out willy-nilly.

We'd also quite like to be reincarnated as her knickers, if that's alright. Thanks a lot.

34

Maille Doyle

SHIP-SHAPE AND SUPER FIT

Amazing body? Check. Insanely awesome taste in music? Check. Massive pirate ship tattooed on torso? Check. But enough about your dad – have you seen how amazing Maille is? Zing!

**33**

Billie JD Porter

WELL-FIT WORDSMITH

The 18-year-old journalist has managed to turn getting royally pissed, watching bands, taking snaps, and writing about it into a career – and all while looking fit when she's doing it. You can see her in the likes of NME and Vice, or more excitingly in see-through tops on the web.

Kate Selkie

AWESOME INKSTRESS

Kate is a big fan of feeding squirrels in parks, peanut butter and drawing. Bear with us, though. She's also a kick-ass tattooist, inking up Brighton residents at the Inka

studio. Her speciality is doing woodland creatures and other furry animals, which is the most amazing combo of adorable and bad-ass ever.

**32**

PICTURE: TINA KORHONEN

Ebony Bones

BONE IDOL

Fun fact 1: Prior to making it big as a self-made singer-songwriter, Ebony starred in short-lived Channel Five soap Family Affairs.

Fun fact 2: If you watched Family Affairs, you are a gaylord and you probably have a fanny where your knob should be.

**31**

Abby Elliott

BONE IDOL**30**

The 23-year-old daughter of Chris Elliott (the dude with hives on his eyeball in There's Something About Mary) is funny as all hell in her own right, and is kicking arse on

US comedy institution Saturday Night Live.

Imagine if Dan Aykroyd was 30 years younger and a girl. She's like that, but less terrifying.

29

Hettie Butler

QUEEN OF POSH

Hettie may be posher than a Duke, but she's been to more festivals than an ice-cream van. Behind that aristocratic voice is a trouser-tightening rebel that would make the Queen go, "Fuck me sideways, she's cool as shit." Marry us, Hettie? Pretty please?

Natalia Kills

SYNTH SIREN

The synth-electro music lady clearly has had a bit of an identity crisis, going through several stage names including Verbz and Verbalicious, both of which are fucking dreadful, before settling on Natalia Kills. 2011 could see her stray from verbs into noun names territory with something like The Pan, or A Bucket. Maybe.

28

Alice Glass

PHWOARTRESS KEEPER

The pretty half of Crystal Castles should be eternally either be thanked or blamed for creating a generation of Topshop-clad electro princesses with attitude, depending on whether you've had your advances rejected before.

27

Christina Curry

SOON-TO-BE REALITY STAR

Coming from the reproductive organs of an MTV VJ dad and glamour model mum, Christina Curry was never going to be sat with the nerdy kids. Instead, she's bestest buds with gin-fiend Peaches Geldof, and the pissed-up pair are supposedly soon to have their own telly show all about their wacky lives.

26

25

Molly Crabapple

THE APPLE OF OUR EYES

Molly's not only a skill illustrator living in Noo Yawk City (she's worked for Marvel and collaborated with Neil Gaiman, fact fans), but she's also responsible for Dr Sketchy's Anti-Art School: an international burlesque life-drawing art club (and a way of sitting in a room looking at a half-nude lady without feeling dirty).

PICTURE: MARK FEENYHOUGH

24

Yo-Landi Vi\$\$er

MONEY-HONEY

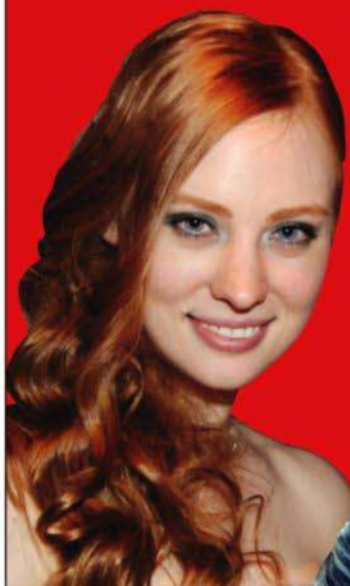

Here are four reasons Yo-Landi from South African hip-hopsters Die Antwoord is cooler than you. 1) She's in the world's strangest rap group; 2) She's friends with a tiny man with rapid-ageing syndrome; 3) She's got dollar signs in her name; 4) There is no reason 4.

23

Deborah Ann Woll

THERE'S WOLLY

The 25-year-old star can currently be seen as Jessica in season three of fangy sex-fest True Blood – the prettiest blood-lovin' ginger sucker we've ever clapped eyes on. We'd like to take her out for a steak dinner, but vampires hate stakes, so it could all end in calamity.

Sierra Kusterbeck

POP-PUNK PRETTINESS

Being named after that tequila bottle with the Mexican hat for a lid (we reckon) is rock 'n' roll enough for most people, but not for Sierra. She's the Paramore-beating voice of VersaEmerge,

a trio of pop-punk Floridians whose music will do better things to your head than her boozy namesake.

22

Jade Williams

PET SHOP GIRL

Better known as Sunday Girl, Jade is set to be big this year, with her Diplo-produced album set to go massive. Why's she in the Cool List, then? Cos she used to work in a pet shop. She's probably friends with owls and shit.

20

Tristyn Daily

DAILY FEMALE

So cool is Tristyn from SuicideGirls that just to impress her, we've scraped together enough money to buy the rights to a national newspaper and rename it the Daily Tristyn. That's actually left us pretty broke, so there'll be no magazine next month, and we'll have to go without meals for a year or two. Still, great news about Tristyn, eh?

PICTURE: SUICIDEGIRLS.COM

19 Florrie

PERFUME-PLUGGING POPSTER

Not only is Florrie a song-singer, a guitar-strummer and a drum-basher for mega-big songwriters Xenomania (the tunesmiths behind, amongst other stuff, all of Girls Aloud's output), but she's also become a professional pretty lady as the face of posh perfume house Nina Ricci.

16 Sasha Grey

FEROCIOUSLY FILTHY

Not content with being one of the most in-demand porn stars in the industry, Sasha's year is bulging with a role in upcoming thriller *I Melt With You*, a book, DJ work and her electro band, aTelecine. All that plus getting-shagged-up-the-bumhole work.

EL PICTURE: STUART MITCHELL

El Wood

THE ORIGINAL ALT GIRL

As well as being one of FRONT's original (and most popular) Alt Girls, El also works for the world famous Frith Street Tattoo parlour. To be fair, she could work in Greggs the bakers and we'd still fancy her. Plus, we'd hopefully be in the running for free pasties.

15

18 Romily Alice

WE'D LIKE TO TOKYO OUT FOR DINNER

If anyone is going to deliver a rejuvenating kick up the jacksie to grunge this year, it's Romily Alice. Fronting FRONT-favourites Japanese Voyeurs and taking tips from *Fucked Up*'s Damian and Hole's Melissa Auf Der Maur, the 22-year-old has a big year lined up with albums, tours and life insurance adverts. One of those may be a dream.

14 Katy Perry

BRAND-TAMING MEGASTAR

Despite her marriage to tight-trousered scarecrow Russell Brand, we refuse to refer to Katy Perry as Katy Brand, because we like to pretend she's still single. Katy Perry is amazing, whether she's upsetting the Daily Mail, being deemed too sexy to appear on *Sesame Street* or grabbing her tits at premieres for no reason.

17 Lele Speaks

FIT KID, MORE LIKE, ER...

Sit down and grab a cuppa, because the list of reasons why Lele is cooler than an Eskimo's bellend will take a while. In fact, we'll all be dead by the time we're finished, so telling you she co-runs clothing label Sick Kids, has her first album out in March, shoots ace videos and is so pretty it almost beats science will have to do for now.

13

Eva Spence

SCREAMING SONGSTRESS

The shouty Sheffield lass is the pretty face of Rolo Tomassi and the other half of Gallows man Steph. That kinda makes them the Posh and Becks of the hardcore scene – although we have it on good authority that Posh once took a dump on top of a burger van at Sonisphere...

12

Von

RESIDENT AUNT AGONY

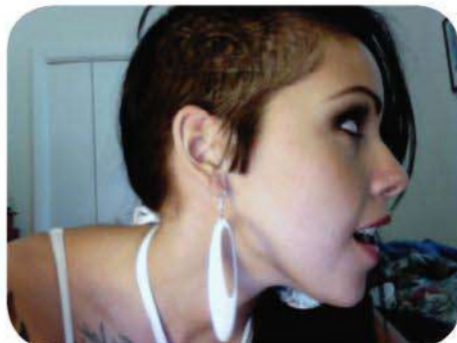

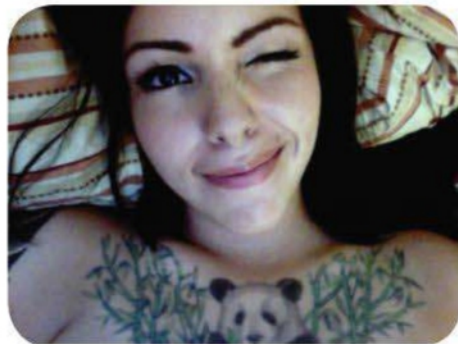

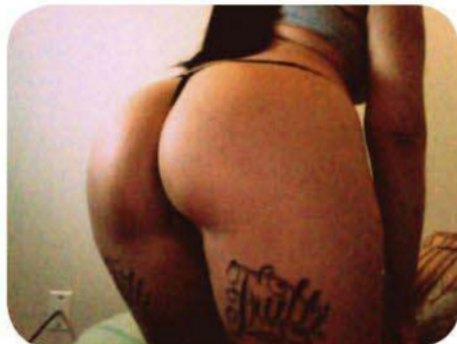

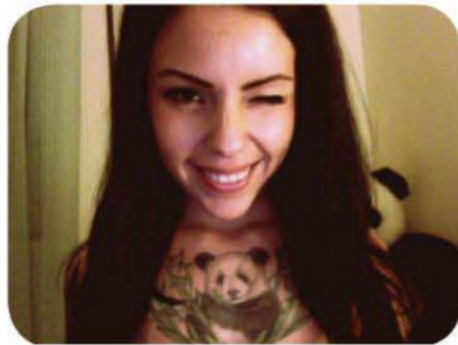

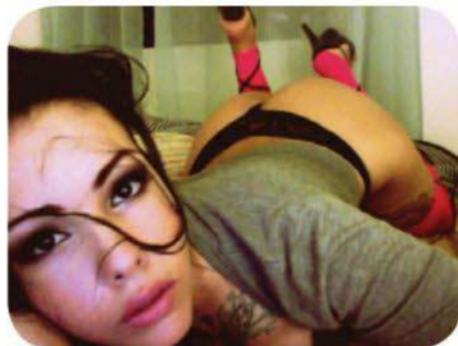

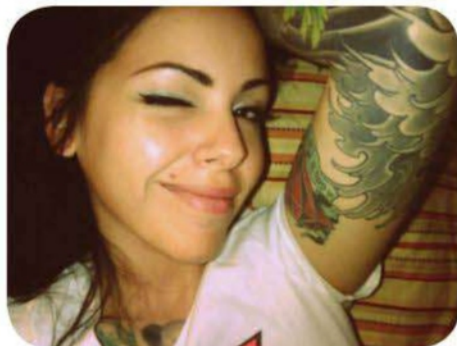

So cool she doesn't need a surname, or a full first name, when Von isn't busy doling out advice to troubled readers she's normally getting up to the kind of activities that, when she describes them, make us go all funny and need a bit of a sit down.

11

Sahar

HI-TOP HOTTIE

A girl so hot she nearly shares a name with a desert, Sahar is a former Fuel Girl, the owner of a really cool dog that she sometimes brings into our office and, unlike anyone else on this list, sometimes wears shoes on her hands. Rules are made to be broken, y'all.

Maga

BLOGGING BEAUTY

Krav Maga is a martial art developed by the Israeli military. "Crave Maga" is something it's perfectly acceptable to mutter when looking at this lovely alt blogger, who fills her Tumblr to the tits with the kind of stuff we like – her face, pandas and fast food.

10

09 Emma Stone

HOLLYWOOD EASY A-LISTER

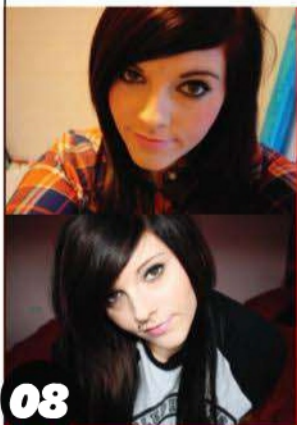

Funny as hell and capable of making even appalling films good when she's onscreen, the sultry-voiced

Emma Stone is soon to blow even more minds than before when she takes

over the role of Mary-Jane Watson in the

reboot of the Spider-Man franchise. She's one Stone we won't leave unturned, if you know what we mean.

Seriously, does anyone know what we mean?

08

Girls got a face like murder

QUEEN OF TUMBLR

A real face like murder is not a nice thing at all: it's all screwed up, super angry, and looks a bit like a Predator's fanny. Kayleigh Rose's face, on the other hand, is just lovely, and her infamous blog is equally as nice, peppered as it is with pics of tits, cats and cakes.

07

Arabella

TATTOOED TEMPTRESS

Any girl who can spit fire out of her mouth is pretty special in our books. But consider this here flame-throwing model lady, who is also named after a pirate and tattooed to buggery, too. We've thrown that book out of the window, started a new one and cried a little to ourselves.

06

Kaya Scodelario

SKINS STRUMPET

When Scodders made her acting debut as the young (read: jailbait) sister of mushroom-faced tit Nicholas Hoult in *Skins* back in 2007, who'd have known she'd one day blossom into a stunning star of stage and screen? We actually did, although several solicitors and a County Court Judgment prevented us saying anything at the time.

Radeo

KILLED THE VIDEO STAR

It takes being pretty fucking awesome to be the coolest of all the SuicideGirls, but Radeo manages it, through combining being cute as a button with being laden with truly sick ink, producing awesome stuff like a video of her trying on 50 different pairs of knickers, and generally being so sexy she could give the sky a hard-on.

Frankie Sandford

SAUCY SATURDAY

A fan of Glassjaw, a loyal reader of FRONT and easily the prettiest, sexiest girl in the kingdom of pop. Frankie has more effortless cool in her sexy little finger than most rock stars have in their chafed, over-used, disease-ridden penises. And Frankie doesn't even have a penis! Not like that other one in The Saturdays.

HARD-PARTYING MEGA DORK

It should go without saying what a bad-ass our very own ASW is, but where's the fun in letting anything go without saying? Professional amazing person Andrew WK recently announced on Twitter, "It's official. @SimWise parties hard!" and who are we to disagree with the twenty-first-century Jesus, eh?

02

Jessie J

AWARD-LADEN POP NEWBIE

The only entry on this list to have both a BRIT Award and an irregular heartbeat, futuristic pop phwoar-machine Jessie (who also wrote the upsettingly catchy Party In The USA for Miley Cyrus) doesn't smoke, drink or eat chocolate. Nor would we, if we looked like her. We wouldn't have time – we'd be too busy diddling ourselves silly or squatting over a mirror.

HELLO, MELLISA. SO HOW DOES IT FEEL TO BE THE COOLEST GIRL ON THE PLANET? COS WE'RE GETTING CHILLS JUST STANDING NEXT TO YOU...

[Laughs] That's probably just a draft, but that's dead nice of you. I suppose I'll have to plan a load of cool stuff for 2011 to make the most of that title, now. I'll definitely be hitting all the festivals again, especially Download. Awesome music, loads of booze and camping outside is my ideal weekend. Forget that posh hotel shit.

EVEN YOUR NAME IS SPELT COOL. BE HONEST, NOW: DID YOU PARENTS FORGET HOW TO SPELL MELISSA?

I think they did. They must have just chucked a few letters down and hoped for the best. Spellcheck hates me.

WHAT'S THE MOST AWESOME THING YOU'VE EVER SEEN?

The best ever would be when I saw Gallows at Reading this year. They were wicked, but to top it off there was a kid crowdsurfing in a wheelchair. That was pretty nuts, and you don't ▶

VALENTINE'S DAY IS JUST AROUND THE CORNER. ARE YOU A LOVER OR A HATER?

I can't say that I'm a massive fan. It's an excuse to get us spending more money, right? I'm far happier spending that cash on booze and heading out, thank you.

WHAT WOULD A GUY HAVE TO DO TO IMPRESS YOU?

This sounds cheesy, but I only go for guys who can make me laugh and know how to have a good time. He'd have to be able to keep up with me at parties. Chuck in a massive chest tattoo, and I'm weak at the knees.

FINALLY, WHO WOULD YOU HAVE TO BEAT UP TO TAKE THE CROWN ON COOLEST PERSON IN THE UNIVERSE?

I want to say Rou from Enter Shikari, especially after meeting him. They're pretty famous but still totally grounded, so I couldn't hurt him too much. Maybe I'd just push him down some stairs. Gently.

NINE HEADS SIX AXES

AND IT'S TAKING OVER THE WORLD

FRONT JOINS BULLET FOR MY VALENTINE AND BRING ME THE HORIZON AS THEIR STADIUM TOUR REACHES ITS SWEATY CLIMAX

"ERM, THIS ISN'T the queue for The X Factor, is it?" says a tanned-to-buggery girl with lovely blonde locks and terrifying nails. And judging by the line of merched-up reprobates outside Wembley Arena, all itching to rock their tits off, she could well be right...

Simon Cowell isn't anywhere in sight. In fact, if he even stepped near Wembley this evening, he'd probably be torn apart, his arms and legs taken for bloody trophies. Because tonight the Arena is home to two of the biggest names in British metal; bands certain

to make Cowell and his X Factor cronies' sphincters flutter with fear.

First up, it's Bring Me The Horizon: the band everyone claims to hate but who still manage to sell out global tours, flog bus-loads of merch, and who get bigger by the millisecond despite little support from the mainstream media. The Sheffield five-piece even beat Lady Gaga and spawn-of-Satan Bieber to be "the most popular band on MySpace". Someone clearly likes them. A lot...

The band are here in force, armed with friends, family and their tour

essential: a dirty looking tub of BBQ sauce mixed into houmous. Bumous, we'll call it.

"We may have more people that like us, but other bands have way less people who hate them," says BMTH guitarist Jona. And he's not wrong: later on, thousands of hands – half flicking devil's horns and half with a middle finger aloft – poke towards the band as they crazily thrash around the stage like shark-attack victims. They nail it, of course, but it's done little to sway the haters. Do the band give a shit? What do you think...

DINNER FOR MY VALENTINE

Jay and Padge enjoy an invisible slap-up meal

Front man Oli Sykes is near enough unapproachable after his set. Maybe someone's eaten all his Bumous. Storming off to his dressing room, a puffy-eyed lady-fan will later tell us: "The sound techs cut their last song short. All he wanted was a few more crowd-surfers. I was crying. I was so upset for Oli." With that, we leave Little Miss Soppy Bollocks for a chat with Bullet For My Valentine just before they took their turn to tear across the stage.

"It's mind-blowing having all those kids camping out to see us," says Jay, the band's pint-sized bassist. The whole arena tour has been a sell-out, with 10,000 fans here tonight alone, and many having sleeping outside despite having tickets. "We've got a few fans following us around from

Japan, and I reckon they're here already," Jay claims.

The Bullet dressing room is about as rock 'n' roll as your nan's downstairs bathroom. It's almost easy to forget that these chart-storming Welsh lads are without question the Billy Big-Balls of the UK metal scene right now. But cereal variety packs, herbal tea and strawberries on the rider? Sounds more like a woofy scout camp than a metal gig to us.

"Fuck off! These strawberries are awesome," snorts guitarist Padge. And who are we to argue (even if we are world-renowned experts in soft fruits).

Jay signs drumskins for some lucky fan (Pssst! He's not a drummer)

WITH PADGE (THE TALLER ONE) THE AND JAY (THE SMALLER ONE) FROM BULLET

YOU'VE SAID THIS IS GOING TO BE THE BIGGEST SHOW OF YOUR LIVES.

WERE YOU BRICKING IT?

PADGE: Yeah, we sort of always are before a show, but we're always alright. When we warmed up to an empty venue, it didn't look as big as we imagined, so that helped with the nerves. Having said that, when we saw it filling up, it looked retardedly massive. Playing to this sea of heads was just... wow.

ESPECIALLY AS YOU WERE CHUCKING FLAMES ALL OVER THE PLACE. ANY THIRD-DEGREE BURNS TO REPORT SO FAR?

JAY: Almost. The other day, we'd just finished Begging For Mercy and I was two feet closer to the edge of the stage than I should've been. I could see the fire rise pretty much at the end of my nose. All the crew were laughing. I nearly set my mohawk off.

CHRIST... SO THIS TOUR'S BEEN PRETTY HAZARDOUS, THEN: YOUR DRUMMER MOOSE HAS BEEN TAKEN ILL, JAY'S NEARLY BEEN BURNT ALIVE, AND PADGE, YOUR HANDS ARE ALL SCABBY. WHAT HAPPENED?

P: Haha, yeah, look at the state of them! I was blind drunk and fell down the steep steps on my bus in such a way that I couldn't stand up again. I was like a cockroach on its back.

The boys all had a fucking good laugh at me, wedged up against the door.

AT LEAST YOUR TOUR BUS SOUNDS PRETTY ROCK 'N' ROLL. THIS DRESSING ROOM IS, ERM, NOT WHAT WE WERE EXPECTING...

P: What did you expect? Half a pound of gack? Some women's underwear? I guess we just like fruit.

J: I wish we still had time to get tattooed while we were on tour. I've had a few done backstage in the past, but we don't have time any more.

THERE'S NOWHERE NEAR AS MUCH BOOZE AS WE THOUGHT THERE'D BE IN HERE, EITHER.

P: I've always got time to nail four beers before a show. There's only been one occasion where I didn't go onstage with a bit of booze in me, and I was shaking. That's pretty bad, right?

SOUNDS QUITE NORMAL TO US. IT MUST BLOW YOUR MIND THE EFFORT SOME OF YOUR FANS PUT INTO COMING TO SEE YOU.

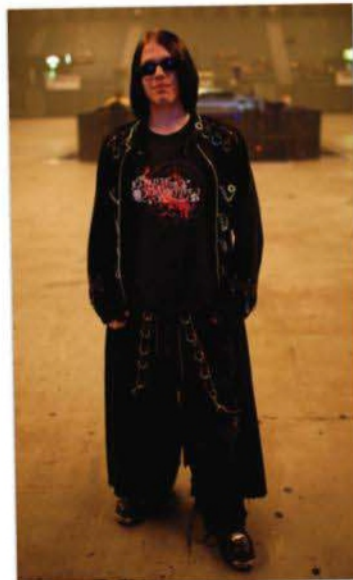

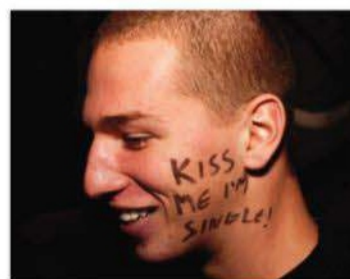

J: Our fans are incredible. The girls from Japan I mentioned come to all our shows. We recognise them and say hello. We'll see them at the venue, then they'll be back at the hotel waiting outside to see us go in before we even get there ourselves. No matter how we travel back, they'll beat us there.

JUST THE TOUR BUS
We can make it if we try...

WHAT'S IN BMTH'S (PRETTY WEIRD) RIDER

HOUMOUS/BBQ SAUCE DIP

Oli: "This is amazing. I'm always pissed off when someone forgets one or the other, and I'll say, 'What the fuck am I supposed to do with this now?' I'm a bit of a dip-mixing connoisseur. I like sour cream and sweet chilli mixed up, too."

JIM BEAM

O: "I'm a gin fiend, but we like to swap around what we ask for depending on what we're running out of on the bus. This time, it's bourbon."

SUSHI

O: "We've all said we need to be a bit healthier, especially as we've developed a routine of sitting on our asses and eating crisps. That's the only reason sushi is on the rider now."

CORONA

O: "I don't drink beer, but Matt [Nicholls, bass] is obsessed with

it. He's always shouting at our tour manager, Sheep, to get him more limes."

WINE

O: "This isn't even for us – it's for our sound guy Phil. He reckons he's put a load of weight on from drinking too much beer, and this will be a healthy substitute. I keep telling him it won't work, though."

JALAPEÑOS

O: "Matt Nicholls is obsessed with these bastards as well. He's mad for anything hot. In the States he bought

something called The Devil's Japs Eye, which blew his mind. I can't do spicy stuff. Even the most chilled sauce in Nando's is too much."

TUNA

O: "Another Matt request. He'll sit there and eat it straight out of the tin. He's a weirdo."

SURF'N'TURF-ED OUT

WITH OLI SYKES FROM
BRING ME THE HORIZON

OLI, WHAT THE FUCK HAPPENED TONIGHT?

It's kinda our fault. We got warned not to get any more pits and crowd-surfing going, and we just kept on doing it. We got our final warning, so I asked for a wall of death. The sound guy just flicked the switch and it was all over.

YOU'RE SOUNDING PRETTY OKAY ABOUT IT. AREN'T YOU FUCKING RAGING?

At the time, we were fucking livid – we went back to smash up the changing room. But the reaction we got afterwards was great. I got text messages from all over the world, and Iron Maiden's manager said getting cut off at Wembley was "the most rock 'n' roll thing ever," so we're pretty stoked about it now. It's something to tell the grandkids.

APART FROM THAT, THE GIG WAS ACE, RIGHT?

Oh man, it was incredible. The whole tour has been insane, but ending at Wembley is unbelievable. Bullet For My Valentine are one of the biggest bands out there, so we started off really apprehensive, knowing that their die-hard fans would half like us and half hate our guts. We embraced that, though, and I love the fact we can strike such a rage inside people.

Having our families there to watch us play our biggest ever show was awesome, too.

DID YOU HAVE TO BE ON YOUR BEST BEHAVIOUR FOR THEM?

We were quite chilled and a bit nervous before the gig anyway, so there wasn't much risk of anything bad happening. When we stormed off they came and sorted it out, and then we went for a big mash-up.

WE WERE EXPECTING BULLET'S CHANGING ROOM TO BE WAY LIVELIER, BUT IT WAS REALLY CHILLED.

WHAT'S THAT ABOUT?

I guess they're a little older and are sort of used to life on the road now. They've also got girlfriends and kids that they hardly get to see, so that could be why it's a bit more sombre.

JONA [GUITARIST] SHOWED US SOME WEIRD FAN PRESENTS THAT YOU HAD ON YOUR TOUR BUS.

WHAT'S THE CRAZIEST STUFF YOU'VE GOT?

Someone in Mexico made us fortune cookies with our lyrics inside them. That must've taken a hell of a lot of effort. I've had a doll made of me, and get loads of portraits as well. We're mega appreciative of everything, even if sometimes they're from crazy bastards.

Etnies are aiming to be completely carbon neutral by 2020. They've already got 616 solar panels powering their office, company-wide recycling and waterless urinals that save in water the equivalent of two and a half million bottles of beer a year.

Etnies have managed to do something that most people fall flat on their chops at: they've gone and made some lush-looking Earth-friendly trainers. Used rubber gloves and old bike tires make up the

cutting-edge music of any style that we think has what it takes. Our schedule is crazy, but we're really busy doing what we love."

UNCLE JACK

S: "I drink a lot of JD – it's the studio staple. Anywhere we go, without a doubt, a bottle will get drunk if I'm around. It's always on our rider. We were doing a festival out in Switzerland recently, and they gave us a bottle of JD Single Barrel, which was lovely."

AND THE WINNER IS...

Will: "We've won quite a few awards, and each one has meant a lot to us. The Q Awards were probably the most crazy, because we were sat next to Take That and Sir Paul McCartney and we had no idea we had won. The after-parties are crazy, too. Everyone usually piles into this one pub in Mayfair where the staff have no idea what's going on."

THE UK'S MOST SOUGHT-AFTER PRODUCERS LET FRONT IN TO SMACK SOME GOLF BALLS AND DOWN JAY-Z'S CHAMPAGNE. ALMOST...

GUITAR

S: "I've been playing guitar since I was about 13, and always wanted a Gibson Les Paul. It's a great piece of kit. We never used to write music with guitars, but we've written some pivotal tracks with this now, so it's become integral to us. Heartbeat, Fire In Your Eyes and Let You Go have all come off this little beauty."

HARRY BROWN

W: "Our first hit was on that film. We wrote a track with Plan B called End Credits before we'd even heard of the film, and when they asked us for a song for their end credits it was a freakily perfect match. It's a great movie, too."

JAY-Z'S CHAMPERS

S: "Last February we were employed to write for Rihanna's Rated R record by Jay-Z's management company, and after they said, 'Here's a bottle of Ace Of Spades to celebrate your first hit.' Jay-Z owns the company, and set it up as a big 'fuck you' to Cristal after they made some outrageous comments [about hip-hop's association with the brand]."

DECKS

S: "We're total vinyl junkies, and grew up with the whole dub-plate culture. We've got about 5,000 records stored in a real plop of a place just around the corner."

W: "The first one I bought was a Shy FX record called Gangster. I remember being dead intimidated when I walked into the record store with loads of Rastas there to buy it."

GET YOUR EARS AROUND THIS

W: "We get through millions of pair of headphones. Sennheiser are the standard DJ brand, but we never get any free off them. If you're going to buy a pair, don't get the velour insides. They get really sweaty and end up stinking."

FORE!

W: "Golf is a massive hobby of mine. It keeps me sane when I'm not in cramped clubs with huge tunes blaring down my ears. It's total escapism. I don't have much time to play, but when I do it's all I do. I don't play with celebrity mates – just a few old friends."

ARCADE

S: "We had this made especially for Nero's Me And You video. It's Street Fighter II and gets a lot of time spent on it. Everytime I play, it's with Ken. Everyone loves Ken. I could beat anyone that wanted to take me on, but nobody's stepped forward yet..."

FROM: St Catharines, Canada

FACT: Wade got shat on by a bird during this interview. He doubts it's actually good luck, instead thinking, "People just say that to deal with the fact they've been shat on."

BLACK STAR TEMPLE

"I was going to get a tattoo below my eye but when we penned it on, I thought that it looked all wrong on me. I also knew I'd be worried the whole time about whether my face tattoo matched my clothes. Having an inconspicuous one on the top of my head works better for me. I have both sides done now."

RIBBON AROUND A HAND

"This was done by Dan Smith about five years ago. It symbolises never forgetting something, and in my case it's never forgetting my grandfather, who passed away. He was an incredible man."

TYSON

"He's named after Mike Tyson. He's an incredibly aggressive little dog, so watch out."

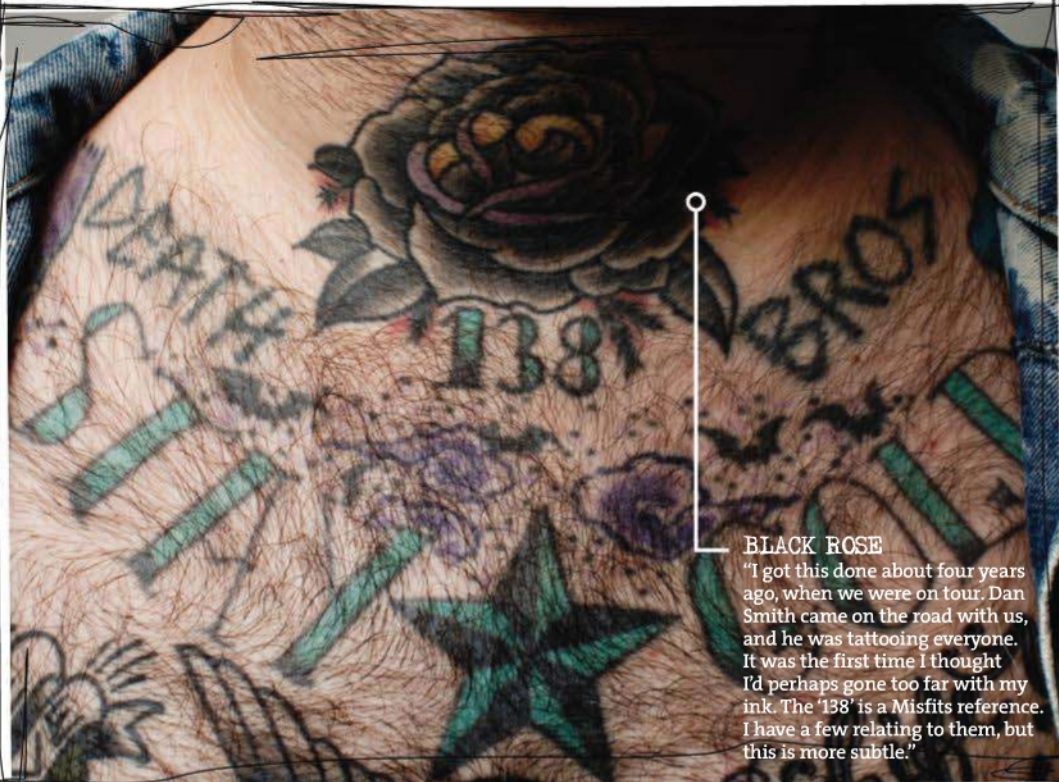

MAN'S RUIN

"This was the first one I got on my upper arm. It was cool getting it done there as the pain wasn't so bad. I'm getting my ribs and back done now, which is agony."

BLACK ROSE

"I got this done about four years ago, when we were on tour. Dan Smith came on the road with us, and he was tattooing everyone. It was the first time I thought I'd perhaps gone too far with my ink. The '138' is a Misfits reference. I have a few relating to them, but this is more subtle."

LIVE FAST

"I've been tattooed a lot in Glasgow, and this is one of them. It could be a bit of a cliché, but it's quite hard not to lose control when you're touring endlessly. I had it done just before a show, and my fingers were aching."

DEATH PUNK

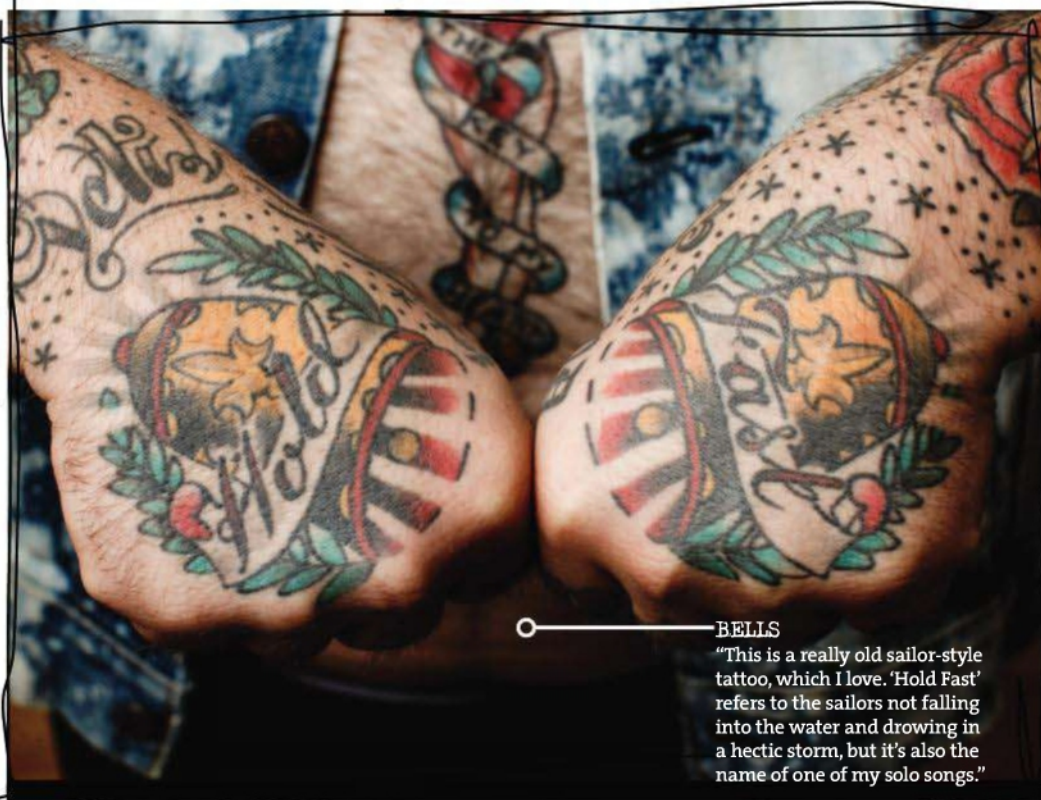

"Jaye from Cancer Bats did this one for me. My tattoos have got to a point where I don't need to think much about them any more. It's more the story behind when and where I got them done, so this is cool as it reminds me of my boys in that band."

PICTURES: JESS BAUMUNG

BELLS

"This is a really old sailor-style tattoo, which I love. 'Hold Fast' refers to the sailors not falling into the water and drowning in a hectic storm, but it's also the name of one of my solo songs."

I WANT HER MUMMY

got milf?

The girl next door obvs fancies me, but she's pretty skank. I do, however, want to bang her mum. Is there a way around this? I'm all about the MILFs but getting around the daughter is a total fucker.

Adam, Isle Of Man

So you totes have a shoo-in to get into the house, right? If I were in your position, I would woo the daughter, get her on your side and start spending time in the house, creeping closer and closer to the hot mum. Then, once you've charmed the pants off her, you need to kill the fugly daughter. The mum will be totally grief-stricken for a while, which is the perfect time for you to get in there and 'comfort her' with your 'cheese-covered cock' and have a 'sex' up her.

I AM BUMDER?

I recently started dating this really hot girl, but there's this one thing: she gets off on gay man-porn. I found it a bit weird at first, but now I find myself getting a little turned on by it. Is this normal? Should I be turned on by gay porn?

Ali, London

If she's into it and you're into her, then you have two options: you run a mile and never get sex from her again, or you just roll with it. I find it's usually the things that make me feel a bit sick that arouse me the most. For example, I often think of Sim-Wise fucking my current squeeze, but if that happened in real life I'd probably want to pull her ginger hair out. Thus, you're not a bumder. I think. Do you dream of willies? That'd probably change things.

TELL IT LIKE IT IS, MATE

I'm ugly and I don't get sex. How can I sex a girl like you?

Mart, via text

You have to be a) ugly, here. If you're 'ugly' but also very trendy cool; b) in a band; or c) have a shit-ton of tattoos, then you do actually have a chance. But if you're 'ugly' and are none of those things, then you have NO chance. But girls won't sex you not because of your looks, Mart: it's cos of those rumours about the dogs and the missing schoolboy that are doing the rounds. Just let someone know that he's alive, please, Mart. We beg of you.

FUTURE WORRIES

I'm 29 years old and have only ever had one serious girlfriend. Don't get me wrong, I could fuck for England, but am I too old for all of this? Should I be settling down?

Sean, Lincoln

It depends completely on where you live, Sean. If it's in a big city, then you have until you are 35 to settle down, but if you're in the suburbs or an area associated with poverty (this is where you fit in) then 30 is the cut-off points, with many opting for pooping out babies and stuff pre-25. If you

think you're that good at fucking, though, why don't you write to the Olympic Committee and

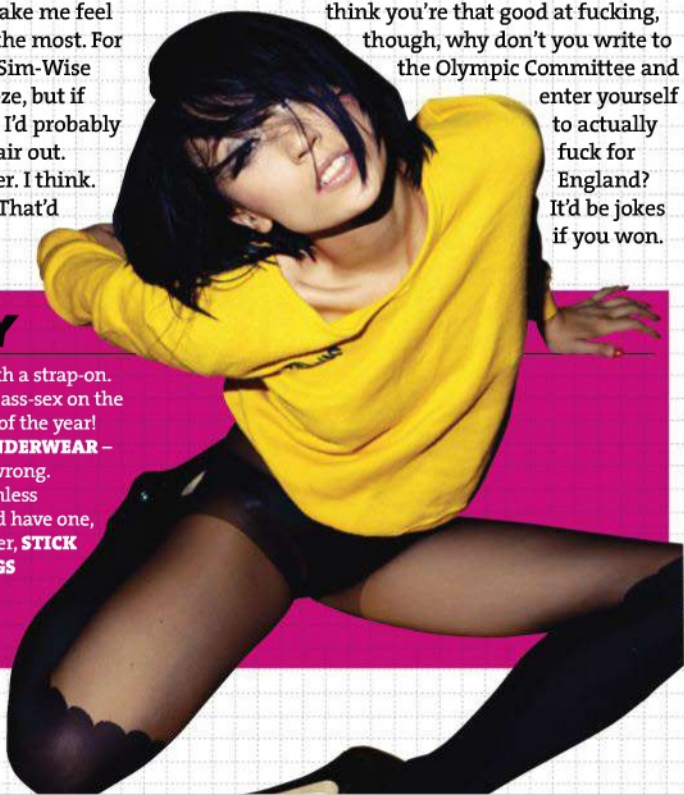

enter yourself to actually fuck for England? It'd be jokes if you won.

SURVIVAL HORROR

DEAD SPACE 2

360/PS3

THE FIRST DEAD SPACE was dead scary. In fact, it was officially declared 'shit your pants so hard that your arse fell out and you had to wear a catheter for a bit' scary by the COCS (Commission Of Colon Safety), which is a high accolade indeed. Not willing to drop the baton, Visceral Games have come back bigger and scarier with a game that puts anything and everything before it to shame. Fans of survival horrors like Resident Evil and Silent Hill will be in heaven as they slash their way through so much gore and mentalness, it might warrant a bit of a lie down.

You return as Issac Clarke, the everyman hero engineer with his trusty collection of plasma cutters,

who has woken up aboard 'The Sprawl' (a massive metropolis orbiting Saturn) with a severe case of amnesia. The events on the Ishimura (as detailed in the previous game) have left you a little 'damaged' – or a bit mental, depending on how you look at it – and the beginning of the game sees you fully straight-jacketed up and defenseless. Tense!

Now, like all good survival horrors, ammo and weapons are as scarce as hen's teeth, so to defeat the evil zombie Necromorph things you'll have to use your wits and tactical dismemberment to avoid a face-to-face with your spine. In addition to your laser cutters, you have a couple of other cool tricks: Telekenesis allows

you to use bits of enemies against them, while Stasis freezes them in their tracks. You will come to rely on these quite a lot as the terror is absolutely relentless. **RELENTLESS, WE TELL YA!** Might be best to invest in some incontinence pants before you start...

MULTIPLAYER

While the original Dead Space was genuinely awesome, IT DIDN'T HAVE MULTIPLAYER. Luckily, Visceral have rectified this situation, and now it does. Good times.

GENUINELY SCARY

We're not just saying this because we are massive fannies: Dead Space 2 is properly scary. Even Hard Davey 'Hardman' Hard (our local resident hardman) got a bit soft playing this.

XBOX LIVE (800 POINTS)

AFTER THE SUCCESS of Limbo last year, the Xbox Live Marketplace seems to be becoming a hive of up-and-coming indie talent. Enter Iloilo, a painfully cute puzzler of a similar ilk to Echochrome and Little Big Planet. If there was ever a game to make you go all soppy like a wet blanket, then this is it.

The whole gist of the game is to get these two weird bean

bag creatures called Milton and Ilona to meet up somewhere in the level by moving blocks and paving paths, so they can drink tea and eat cookies together. We're not even kidding.

But don't write it off just yet. Sometimes it's nice to catch a breath after a heated game of shooting people's faces off and play something fluffy and nice that just makes you feel warm

And so along comes Yoostar 2, with the dubious promise that it can put you in the movies – as in, right inside Hollywood's greasy rectum. It doesn't half get you in there, like a hamster up Richard Gere's special place. Things work pretty much like a karaoke game, with you selecting the scene you

HARDCORE

GAY FOR JOHNNY DEPP

WHAT DOESN'T KILL YOU, EVENTUALLY KILLS YOU

WHILE WE PROBABLY wouldn't go fully gay for Johnny Depp, we are prepared to offer the kooky Hollywood hunk one of the following scenarios:

- 1) Johnny takes us to Nando's (a half chicken and two regular sides). Afterward, he may perform fingers-and-tops upon us for three minutes.
- 2) We go with Johnny to the pictures

(we choose the film; Johnny pays for tickets and popcorn). Johnny may rub our balls through our trousers for the length of the trailers, but must cease as the film starts.

- 3) Johnny buys us six large white wines at All Bar One. In return, he gets a 30-second peek at our penis.

If none of those work for Mr Fancy Superstar Johnny then, well, maybe

he thinks he's too good for us, does he?

THREE FACTS ABOUT GAY FOR JOHNNY DEPP

1

THEY CRAZY!

Even for the wacky world of hardcore, GFJD are pretty fucking nutty. Their music is demented, they get into fights with audiences, and they promote themselves by mailing journalists hardcore gay porn.

2

THEY DIRTY!

Many of GFJD's impressively foul songs feature deranged descriptions of what they'd like to do to Johnny Depp, sexually. Sample lyric: "I want my Johnny bleeding, fuck him in the ass!" Oh deary dear.

3

THEY FUNNY!

GFJD are absolute masters of the WTF song title. Examples: Fucking Isn't Cheating, No I'm Married To Jesus Now Keep Your Fucking Hands Off Him and (brace yourself) Blood: The Natural Lubricant.

Back in the early '90s, the big thing in UK hip-hop was something called Britcore: fast, noisy beats topped off with aggy rapping about futuristic doom and so forth. It was ace. JOEY FROM FRIENDS, STEPHEN MANGAN

WE'VE ABSORBED so many goddamn pre-Hollyoaks repeats of Friends on E4 that we've probably seen Joey Tribbiani's fat head more than most members of our immediate family. It's a bit weird, then, to see Matt LeBlanc playing a skewwhiff version of himself in this new comedy collab from the Beeb and Showtime (home of Dexter, no less).

If you missed it when it was on telly recently, Episodes follows two

Brit writers whose classy sitcom is picked up by a big-dicked American network. Of course, it all goes to shit when the big-wigs insist on changing it all and casting, er, Joey as the main character. Cue numerous cringeworthy moments and cultural faux-pas as the writers struggle to protect their show.

It's a slow burner, but stick with it as the pace soon picks up and the laughs come thick and fast, and

LeBlanc undoes all the evil harm his Friends spin-off Joey did to the world by being rather excellent as himself. All is forgiven.

WITH EVERYONE harping on about electric this and hybrid that, it's good to see Vauxhall have a big set of petrol-powered plums in their corporate scrotes.

The proverbial gonads come in the form of this yellow beast, which is the new VXR8 and is rather special.

It gets a beefy 6.2-litre V8 that's good for 425bhp, and, aside from stonking performance and old-school rear-wheel-drive drift, its styling is delicious. Even in a colour that Dulux would call 'gaylord yellow', it still looks like it could batter your dad. Vauxhall, we salute you.

NO. 10: SIERRA SAPPHIRE RS COSWORTH

Back in the late-'80s, the three-door Cossie was king of the touring cars. But when the three-door production ended, Ford decided to drop some serious grunt into the boring looking four-door Sapphire. Powered by a 220bhp two-litre turbo, the super Sierra was fast, fun and liable to send you backwards into a hedge if you got it wrong. Highly tuneable, you can pick one up for under £4k today.

THE **FRONT** MANIFESTO

OOPS

Arabella

NO FAKE BOOBS

That's right, readers: all boobs in FRONT are as real as the air we breathe. Whether they're part of a lovely lady or hanging from a fat sweaty dude, they're bona fide genuine and will not explode at high altitude.

FRONT IS NOT A LADS' MAG

Lads' mags are, like, so 1994 – a gentler time before global terrorism, when you could leave a £50 note in a pub and it would still be there a week later (with interest). FRONT is a mag for true legends, who when staring death in the face shake it by the hand and proclaim, "Gaylords say what?"

THE INDEPENDENT MAG

FRONT is not owned by some evil corporation, although sometimes we wish it was because then we might have toilet paper in our bogs. On the plus side, it means we don't have to listen to people in suits telling us to put Mika felching a disabled donkey on the cover. We listen only to you, our semi-deranged-yet-genius readers.

WE HEAR YOUR PAIN

Your comments, letters, e-mails and texts: we fucking love 'em all. Whether it's through the mag or on the website, tell us what you want to see in FRONT and we'll pull out our finger and get it done. We won't even stop to wipe the sweetcorn bits off first.

FROM THE MINOR WANKERS

JLS

All of JLS need to be on The Countdown. They're wank-cannons with no talent who continue to kill the music industry with their wankyness. Fuck them and their personalised condoms.

Anon, via text

They've been nominated before, nameless phone-owner, and we've tended to say no, as they're pretty much behaving exactly how any of us would in that situation.

However, the idea of fumbling in a young lady's drawer, putting a condom on and being greeted with Aston's face is too much to bear. Onto The Countdown!

KATONA

Why isn't Kerry fucking Katona on The Countdown? That atomic cunt should crawl back under whatever moss-covered boulder she came from.

Sean, Bathgate, via text

Short and to the point, Sean. Katona is a terrible, terrible woman - watch

ITV2 for more than 15 minutes and you can

guarantee witnessing one or more of her horrendous fucking shows. However, she seems like the sort of person who'd end up doing a Jade Goody and becoming the nation's sweetheart the day after we'd called her a cunt, because she's a dick like that. Therefore, no Countdown for Kerry.

COWELL

You've probably had him in before, but Simon Cowell deserves to be a permanent entry in The Countdown. The smug, chart-wrecking, TV-ruining, dodgy-looking, army-haircut, bum-toucher cunt makes me wanna cut my penis off and jam it in my ears so I don't have to hear the musical abortions on his wanky karaoke cunt-fest.

Rick, Lincoln, via text

Remembering the days before X Factor and Britain's Got Talent gets harder every year, Rick, and the blame for that lies squarely on the shoulders of the well-groomed android Cowell. While he's quite a funny dude who's oddly likeable, he seems to have the music world in a stranglehold. That said, he delights in playing the cunt so much that he'd probably be thrilled to be on here. Congratulations, Simon, you are a cunt.

COLE

Cheryl Cole, the big-nosed cunt that can't stand up properly, has that squeaky rat voice that must earn her a place on The Countdown. She thinks her shit don't stink. I'd love to see her get a job in Tesco, the manky horse.

Simsy, via text

Seriously, Simsy, are you drunk? She's as pretty as anything and she was the closest thing to an actual human being to have anything to do with The X Factor. It's not like she's Louis Walsh, is it?

WHO'S MISSING?

Give us a cunt! Who riles you to the point of frantic violence? Put your anger into words and let FRONT spread your spite across the land. Let us know: **TXT 07717 605 946** front@frontarmy.co.uk

Graham from The Fort, via text

This spinny-tabled cumstain is a cunt alright, Graham. "To the cloud!" seems like it's destined for the same junkyard of never-really-caught-on catchphrases as "Shake your Tic-Tacs". Onto The Countdown, cunt!
